**DEPARTMENT OF JUSTICE****Drug Enforcement Administration****Larry E. Davenport, M.D.: Denial of Application for DEA Registration****I. Background**

On September 21, 2001, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA) issued an Order to Show Cause (OTSC) to Larry E. Davenport, M.D., (Respondent), proposing to deny his application for a DEA Certificate of Registration. The basis for the Order to Show Cause was that Respondent's registration would be inconsistent with the public interest as that term is used 21 U.S.C. 823(f). More specifically, the OTSC alleged that the Tennessee Department of Health found that in 1998 and 1999, Respondent obtained Schedule II and III controlled substances for the personal use of Respondent and his wife. Respondent obtained the drugs by telephoning in prescriptions using the DEA registration numbers of several different physicians. Sometimes he had his employees do the calling. The OTSC also alleged that Respondent removed controlled substances from the clinic where he was employed, including Emerol, a Schedule II controlled substance.

By letter dated December 10, 2001, Respondent, through his legal counsel, requested a hearing on the issues raised in the OTSC. The matter was placed on the docket of Administrative Law Judge Gail A. Randall. (The ALJ).

The following prehearing procedures, testimony was presented before the ALJ on June 5 and 6, 2002, in Knoxville, Tennessee. The Government presented testimony from three witnesses and had admitted into evidence several exhibits.
