

on April 17, 2003 on page 19066. This information collection activity was originally submitted to OMB for review on 11/12/03. The FAA withdrew the package and resubmitted it to reflect a new estimate. This is a request for renewal of the current collection requirements. The burden hours were reduced because the information is collected every 18 months instead of annually and most covered airports have already submitted their initial plans.

DATES: Comments must be submitted on or before January 20, 2004. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Judy Street on (202) 267-9895.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Competition Plans, Passenger Facility Charges.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2120-0661.

Forms(s): NA.

Affected Public: A total of 40 public agencies controlling medium or large hub airports.

Abstract: This information is needed to meet the requirements of Title 49, Section 40117(k), Competition Plans, and to carry out a passenger facility charge application. No Passenger Facility Charge (PFC) may be approved for a covered airport and no Airport Improvement Program (AIP) grant may be made for a covered airport unless the airport has submitted a written competition plan in accordance with the statute. The affected public includes public agencies controlling medium or large hub airports.

Estimated Annual Burden Hours: An estimated 4050 hours annually.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention: FAA Desk Officer. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection

techniques or other forms of information technology.

Issued in Washington, DC on December 12, 2003.

Judith D. Street,

FAA Information Collection Clearance Officer, Standards and Information Division, APF-100.

Federal Aviation Administration

[Summary Notice No. PE-2003-75]

Petitions for Exemption; Disposition of Petition Issued

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of disposition of prior petition.

SUMMARY: Pursuant to FAA's rulemaking provisions governing the application, processing, and disposition of petitions for exemption part 11 of Title 14, Code of Federal Regulations (14 CFR), this notice contains the disposition of a certain petition previously received. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of any petition or its final disposition.

FOR FURTHER INFORMATION CONTACT: John F. Linsenmeyer, Office of Rulemaking (ARM-1), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591. Tel. (202) 267-5174.

This notice is published pursuant to 14 CFR 11.85 and 11.91.

Issued in Washington, DC on December 15, 2003.

Donald P. Byrne,

Assistant Chief Counsel for Regulations.

Dispositions of Petitions

Docket No.: FAA-2001-9982.

Petitioner: Cessna Aircraft Company.

Section of 14 CFR Affected: 14 CFR 25.785(b).

Description of Relief Sought/Disposition: To amend a previously granted exemption regarding occupant protection requirements for persons occupying multiple-place side-facing seats during takeoff and landing on Cessna Model 680 airplanes manufactured before January 1, 2004. The amendment would remove the limitation that restricts its applicability

to airplanes manufactured before January 1, 2004.

Grant of Exemption, 11/24/2003, Exemption No. 7625A.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Informal Airspace Workshop; Proposed Instrument Procedures to Runway 24, Ted Stevens Anchorage International Airport, Anchorage, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of public workshop.

SUMMARY: The FAA intends to hold two informal airspace workshops to solicit comments regarding operational and environmental concerns from airspace users and others concerning traffic flows for aircraft operating to Runway 24R and Runway 24L at Ted Stevens Anchorage International Airport (ANC). The workshops will be presented on January 20 and January 22, 2004. The purpose of these workshops is to provide interested parties an opportunity to comment on the proposed conversion of a random flight track into a published Charted Visual Flight Procedure (CVFP) to Runway 24R and Runway 24L.

Date/Time: The first workshop will be from 6 p.m. to 9 p.m., Tuesday, January 20, 2004.

Place: Multi-Purpose Room, Spenard Community Recreation Center, 2020 West 48th Avenue, Anchorage, Alaska; telephone: (907) 343-4160.

Date/Time: The second workshop will be from 7 p.m. to 9 p.m., Thursday, January 22, 2004.

Place: Auditorium room 127, University of Alaska Anchorage, Aviation Technology Division, 2811 Merrill Field Drive, Anchorage, Alaska; telephone: (907) 264-7400.

Public Comments: The FAA actively solicits public comments. Comments may be presented at the workshop or submitted afterwards via letter, fax, or email. Comments should be received on or before February 23, 2004, to be included as part of the workshop.

FOR FURTHER INFORMATION CONTACT: Robert van Haastert, Operations Branch, AAL-535, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-5863; fax: (907) 271-2850; email: *robert.van-haastert@faa.gov*.

SUPPLEMENTARY INFORMATION:

History and Background

Due to mountainous terrain within ten miles east of the ANC, there are no instrument approaches to Runways 24R or 24L. When wind conditions dictate the use of these runways, the only option available for Instrument Flight Rules (IFR) arrivals is a visual approach. Since aircraft on a visual approach are not restricted to a specific route and since high minimum vectoring altitudes prohibit giving subsequent aircraft an extended downwind leg, excessive spacing must be used to ensure aircraft separation.

The establishment of the CVFPs to Runways 24R and 24L would keep aircraft as close to ANC as possible and within Class C airspace to avoid the Seward Highway Segment by heavily used Visual Flight Rules (VFR) aircraft.

The fleet mix and number of aircraft into ANC would not change. The percentage of time Runway 24 would be utilized would also not change. Additionally, the CVFPs would result in a slight average increase in aircraft altitudes over the proposed flight track.

Workshop Agenda

This workshop is intended to involve the community in our decision making process. The workshop will be set up in an open house fashion with stations attended by FAA representatives. These stations are intended to provide information and collect comments on the development of new Charted Visual Flight Procedures for Runway 24R and Runway 24L.

Workshop Procedures

(a) The workshop will be informal in nature and will be conducted by representatives of the FAA Alaskan Region.

(b) The workshop will be open to all persons on a space-available basis. Every effort was made to provide a workshop site with sufficient capacity for expected participation. There will be no admission fee nor other charges to attend and participate.

(c) Representatives of Ted Stevens Anchorage International Airport Traffic Control Tower and Anchorage Terminal Radar Approach Control will be present to discuss procedural concepts. FAA Air Traffic Division representatives will be present to discuss environmental concerns.

(d) Any person who wishes to submit a position paper to FAA representatives pertinent to the establishment of Charted Visual Flight Procedures may do so.

(e) The workshop will not be formally recorded. However, informal tape

recordings may be made to ensure that each respondent's comments are noted accurately.

(f) An official verbatim transcript or minutes of the informal airspace workshop will not be made. However, a list of the attendees, written statements received from attendees during and after the workshop and a digest of discussions during the workshop will be included in the administrative record for the project.

(g) Every reasonable effort will be made to hear the concerns of interested persons consistent with a reasonable closing time for the workshop.

Issued in Anchorage, AK, on December 12, 2003.

Trent S. Cummings,

Manager, Air Traffic Division, Alaskan Region.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34442]

Maritime Rail, LLC—Lease and Operation Exemption—Meadows Industrial Tracks

Maritime Rail, LLC (Maritime Rail), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease and operate certain railroad properties totaling about 3,500 track feet in length. The tracks, which extend beyond a point of connection with a Consolidated Rail Corporation branch line known as Meadows Industrial Track No. 1, are identified on the Exhibit A-1 map attached to the notice of exemption as: (1) An existing lead track that terminates in a track identified on the A-1 map as the "car loading track"; (2) an existing track identified on the A-1 map as the "10-car storage track"; (3) an existing track identified on the A-1 map as the "10-car capacity track for holding empties while loads are pulled"; and (4) a track identified on the A-1 map as the "10-car capacity loading track," which does not now exist but which will be constructed at a later date (this track existed in the past, but it is now paved over). Maritime Rail certifies that its projected annual revenues will not exceed \$5 million and that Maritime Rail will be a Class III rail carrier.

Maritime Rail states that it intends to commence operations sometime during the year 2004, specifically 6 to 8 months after the Army Corps of Engineers and the State of New Jersey award a joint contract for a demonstration project

involving the dredging of the Passaic River and the treatment of the dredged material. By decision served December 8, 2003, the effective date of Maritime Rail's exemption was postponed to January 8, 2004. Therefore, the earliest the transaction can be consummated is January 8, 2004.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34442, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on John D. Heffner, Esq., 1920 N Street, NW., Suite 800, Washington, DC 20036.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: December 12, 2003.

By the Board, David M. Konschnik, Director, Office of Proceedings.

Vernon A. Williams,

Secretary.

BILLING CODE 4915-00-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request for Form 976

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). Currently, the IRS is soliciting comments concerning Form 976, Claim for Deficiency Dividends Deductions by a Personal Holding Company, Regulated Investment Company, or Real Estate Investment Trust.

DATES: Written comments should be received on or before February 17, 2004 to be assured of consideration.
