Radio Broadcasting Services; Oak Grove, KY, Springfield, TN, and Trenton, KY

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Audio Division, at the request of Saga Communications of Tuckessee, LLC, licensee of Station WJOI–FM, realizts Channel 232A from Springfield, Tennessee to Oak Grove, Kentucky, as the community’s first local aural transmission service, and modifies Station WJOI–FM license accordingly. Channel 232A can be allotted to Oak Grove, in compliance with the minimum distance separation requirement of the Commission’s rules, provided there is a site restriction 9.3 kilometers (5.8 miles) east of the community. The reference coordinates for Channel 232A at Oak Grove are 36–38–23 NL and 87–20–39 WL. This document also dismisses a counterproposal filed by Saga Communications of Tuckessee, LLC that requests the reallocation of Station WJOI–FM, Channel 232A from Springfield, Tennessee to Trenton, Kentucky in lieu of Oak Grove, Kentucky.

[DA 03–3554; MM Docket No. 02–49, RM–10220]

Radio Broadcasting Services; Westbrook and Worcester, MA

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of Entercom Boston License, L.L.C., reallocs Channel 297B from Worcester to Westminster, Massachusetts, as the community’s first local aural transmission service and modifies Station WAAF(FM)’s license accordingly. See 67 FR 14664, March 27, 2002. Although Station WAAF(FM) is a pre-1964 and pre-1989 grandfathered short-spaced station, it may change its community of license at its current license site because no new short-spacing would be created. The coordinates for Channel 297B at Westminster at Station WAAF(FM)’s current license site are 42–18–11 North Latitude and 71–53–52 West Longitude. While Station WAAF(FM) has an outstanding construction permit at Worcester, this change of community proposal must be implemented at its
current license site. Although Westborough is located within 320 kilometers of the U.S.-Canadian border, concurrence of the Canadian government is not required because there is no change in class or coordinates.
