SYSTEM MANAGER(S) AND ADDRESS:

Deputy Commissioner, Disability and Income Security Programs, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235.

NOTIFICATION PROCEDURE:

When requesting notification, the individual should provide the type of claim he or she filed (DI and/or SSI). If more than one claim is filed, each should be identified, whether he/she is or has been receiving benefits, whether payments are being received under his or her own SSN, and if not, the name and SSN under which received, if benefits have not been received, the approximate date and place the claim was filed, and his/her address and/or telephone number. (Furnishing the SSN is voluntary, but it will make searching for an individual's record easier and prevent delay.)

An individual can determine if this system contains a record about him/her by writing to the system manager(s) at the above address and providing his/her

name, SSN or other information that may be in the system of records that will identify him/her. An individual requesting notification of records in person should provide the same information, as well as provide an identity document, preferably with a photograph, such as a driver's license or some other means of identification. If an individual does not have any identification documents sufficient to establish his/her identity, the individual must certify in writing that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense.

If notification is requested by telephone, an individual must verify his/her identity by providing identifying information that parallels the record to which notification is being requested. If it is determined that the identifying information provided by telephone is insufficient, the individual will be required to submit a request in writing or in person. If an individual is requesting information by telephone on behalf of another individual, the subject individual must be connected with SSA and the requesting individual in the same phone call. SSA will establish the subject individual's identity (his/her name, SSN, address, date of birth and place of birth, along with one other piece of information such as mother's maiden name) and ask for his/her consent in providing information to the requesting individual.

If a request for notification is submitted by mail, an individual must include a notarized statement to SSA to verify his/her identity or must certify in the request that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses, is a criminal offense. These procedures are in accordance with SSA Regulations (20 CFR 401.40).

An individual who requests access to his or her medical records shall be given direct access to those records unless SSA determines that it is likely that direct access would adversely affect the individual. If SSA determines that direct access to the medical record(s) would likely adversely affect the individual, he or she must designate a responsible representative who is capable of explaining the contents of the medical record(s) to him or her and who would be willing to provide the entire record(s) to the individual. These

procedures are in accordance with SSA Regulations (20 CFR 401.55).

A parent or guardian who requests notification of or access to a minor's medical record shall, at the time he/she makes the request, designate a physician or other health professional (other than a family member) who is capable of explaining the contents of the medical record(s) to him or her and who would be willing to provide the entire record(s) to the individual. These procedures are in accordance with SSA Regulations (20 CFR 401.55).

RECORD ACCESS PROCEDURES:

Same as Notification procedures. Requesters should also reasonably specify the information they are seeking. These procedures are in accordance with SSA Regulations (20 CFR 401.40(c) and 401.55).

CONTESTING RECORD PROCEDURES:

Same as Notification procedures. Requesters should also reasonably identify the record, specify the information they are contesting and state the corrective action sought and the reasons for the correction with supporting justification showing how the record is incomplete, untimely, inaccurate or irrelevant. These procedures are in accordance with SSA Regulations (20 CFR 401.65).

RECORD SOURCE CATEGORIES:

Information in this system is obtained from claimants, beneficiaries, applicants and recipients; accumulated by SSA from reports of employers or self-employed individuals; various local, State, and Federal agencies; claimant representatives and other sources to support factors of entitlement and continuing eligibility or to provide leads information.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE PRIVACY ACT:

None.
