

of these products threaten to disrupt the U.S. market for cotton and man-made fiber and dressing gowns and robes. Due to the vulnerability of the U.S. industry today, even a relatively small increase in low-priced imports from China in the near future could have a considerable impact.

**The U.S. Cotton and Man-Made Fiber Dressing Gowns and Robes Industry is Vulnerable to Any Increase in Imports.** U.S. production including outward processing of cotton and man-made fiber dressing gowns and robes fell 38.6 percent from 2000 to the year ending June 2003 (from 1,990 thousand dozens to 1,221 thousand dozens), while the share of the market held by U.S. producers fell by 17.9 percentage points (from 30 percent to 12.1 percent) during this period.

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Intent to Prepare a Joint Draft Environmental Impact Statement/ Environmental Impact Report for the Wilson Creek/Oak Glen Creek Feasibility Study in the City of Yucaipa, San Bernardino County, CA

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Army Corps of Engineers (Corps), Los Angeles District, in cooperation with the County of San Bernardino Flood Control District, will prepare a Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) in support of the proposed Wilson Creek/Oak Glen Creek Feasibility Study for flood protection for City of Yucaipa, in San Bernardino County, California. The study will also investigate the feasibility of habitat restoration opportunities and preservation of watershed resources in balance with the need for economic development. The drainage from Wilson Creek/Oak Glen Creek creates a high volume of sediment and debris through the City of Yucaipa. This condition creates a threat of flood damage to existing residential and commercial development and infrastructure along these creeks. The EIS/EIR will address foreseeable environmental impacts, including beneficial effects, associated with alternative flood protection plans. The U.S. Army Corps of Engineers and the County of San Bernardino Flood Control District will cooperate in conducting this Feasibility Study. The U.S. Army Corps of Engineers is the lead Federal Agency for this study.

**DATES:** A public scoping meeting is scheduled at the City of Yucaipa Council Chambers, 34272 Yucaipa
