Synopsis of Order

On November 12, 2002, the Commission released an order, 67 FR 77432, December 18, 2002, delaying until July 1, 2003 the implementation of four accounting and reporting requirement rule modifications previously adopted by the Commission as part of its biennial review of accounting requirements and Automated Reporting Management System (ARMIS) reporting requirements, Report and Order, 67 FR 5670, February 6, 2002. On June 24, 2003, the Commission released another order, 68 FR 38641, June 30, 2003, further delaying implementation until January 1, 2004. The Commission deferred the implementation of these four accounting and reporting requirement rule modifications in order to allow the Federal-State Joint Conference on Accounting Issues time to consider these and other accounting issues in formulating their recommendations to the Commission. These accounting and reporting rule changes are as follows: (1) Consolidation of Accounts 6621 through 6623 into Account 6620, with sub-accounts for wholesale and retail; (2) consolidation of Account 5230, Directory revenue, into Account 5200, Miscellaneous revenue; (3) consolidation of the depreciation and amortization expense accounts (Accounts 6561 through 6565) into Account 6562, Depreciation and amortization expenses; and (4) revised "Loop Sheath Kilometers" data collection in Table II of ARMIS Report 43-07.

On October 9, 2003, the Joint Conference submitted the result of a year-long study of the Commission's accounting rules and on-going proceedings related to the Commission's accounting requirements. The Joint Conference makes several recommendations that directly relate to the four accounting rule modifications that are scheduled to go into effect on January 1, 2004. Here, the Commission extends through June 30, 2004 the Commission's current delay of the effective date of four accounting rule modifications, to allow time for receipt and consideration of comments in response to the Joint Conference's recommendations.

Procedures for Transportation Workplace Drug and Alcohol Testing Programs: Drug and Alcohol Management Information System Reporting

AGENCIES: Federal Motor Carrier Safety Administration, Federal Aviation Administration, Federal Transit Administration, Federal Railroad Administration, and Research and Special Programs Administration, Department of Transportation.

ACTION: Final rule.

SUMMARY: Each of the Department of Transportation's drug and alcohol testing rules include requirements for select employers to submit drug and alcohol testing data to five Department of Transportation (DOT) agencies. In the past, these employers have been required to use agency-specific Management Information System (MIS) forms for this purpose, twenty-one different forms in all. The Department recently published a final rule revising these DOT agency MIS forms and transforming them into a single one-page form for use throughout all the DOT agencies. The requirement for use of the form is now in 49 CFR part 40. By this action, the DOT agencies endorse the use of this single form within their regulated industries,
