Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: SAMHSA Application for Peer Grant Reviewers—OMB No. 0930-0255, extension, no change—section 501(h) of the Public Health Service (PHS) Act (42 U.S.C. 290aa) directs the Administrator of the Substance Abuse and Mental Health Services Administration (SAMHSA) to establish such peer review groups as are needed to carry out the requirements of

Title V of the PHS Act. SAMHSA administers a large discretionary grants program under authorization of Title V, and for many years SAMHSA has funded grants to provide prevention and treatment services related to substance abuse and mental health.

Recent efforts to make improvements in the grants process have been shown by the restructuring of discretionary award announcements. In support of these efforts, SAMHSA desires to expand the types of reviewers it uses on these grant review committees. To accomplish that end, SAMHSA has determined that it is important to proactively seek the inclusion of new and qualified representatives on its peer review groups, and accordingly SAMHSA has developed an application form for use by individuals who wish to apply to serve as peer reviewers.

The application form has been developed to capture the essential information about the individual applicants. Although consideration was given to requesting a resume from interested individuals, it is essential to have specific information from all applicants about their qualifications; the most consistent method to accomplish this is completion of a standard form by all interested persons. SAMHSA will use the information about knowledge, education and experience provided on the applications to identify appropriate peer grant reviewers. Depending on their experience and qualifications, applicants may be invited to serve as either grant reviewers or review group chairpersons.

The following table shows the annual response burden estimate.

Number of respondents	Responses/respondent	Burden/response (hrs.)	Total burden hours
500	1	1.5	750

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Community Mental Health Centers (CMHC) Construction Grantee Checklist—(OMB No. 0930-0104, extension, no change)—Recipients of Federal CMHC construction funds are obligated to use the constructed facilities to provide mental health services. The CMHS Act was repealed in 1981 except for the provision requiring grantees to continue using the facilities for mental health purposes for a 20-year period. In order for SAMHSA's Center for Mental Health Services to monitor compliance of construction grantees, the grantees are required to submit an annual report. This annual checklist enables grantees to supply necessary information efficiently and with a minimum of burden. The following table summarizes the annual burden for this program.

	Annual respondents	Responses/respondent	Hours per response	Annual burden
CMHS Grantee Construction Checklist (42 CFR 54.209(h), 42 CFR 54.213, 42 CFR 54.214)	6*	1	.42	3

* Average over the 3-year approval period as grantees with service obligations continue to complete their period of obligation.
