Approval and Promulgation of State Plans for Designated Facilities; New York

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a revision to the State Plan submitted by New York implementing the Municipal Solid Waste (MSW) Landfill Emission Guidelines, as promulgated by EPA. The State Plan establishes performance standards for existing MSW landfills located in New York State and provides for the implementation and enforcement of those standards, which will reduce the designated pollutants. The State Plan revision consists of moving the federally approved MSW requirements from Subpart 360-2.21 of title 6 of the New York Codes, Rules and Regulations (NYCRR) to part 208 of title 6 NYCRR. In the "Rules and Regulations" section of this **Federal Register**, EPA is approving New York's State Plan revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If EPA receives no adverse comments, EPA will not take further
