SUPPLEMENTARY INFORMATION: This is a summary of the Commission's public notice, CC Docket No. 96-45, released November 20, 2003. On September 12, 2003, PSC filed with the Commission a petition pursuant to section 214(e)(6) of the Communications Act of 1934, as amended, seeking designation as an ETC to receive Federal universal service support for those areas within its authorized service area in Alabama currently served by non-rural telephone

companies. Specifically, PSC contends that: The Alabama Public Service Commission (Alabama Commission) has provided an affirmative statement that it does not regulate commercial mobile radio service (CMRS) carriers; PSC satisfies all the statutory and regulatory prerequisites for ETC designation; and designating PSC as an ETC will serve the public interest. FEDERAL MARITIME COMMISSION

[Petition No. P3–99]

Petition of China Ocean Shipping (Group) Company for a Partial Exemption From the Controlled Carrier Act

Served: January 22, 2004.

Order

By petition filed March 31, 1999, China Ocean Shipping (Group) Company (“COSCO” or “Petitioner”) has requested that the Federal Maritime Commission (“FMC” or “Commission”) partially exempt it from certain provisions of section 9 of the Shipping Act of 1984, 46 U.S.C. app. 1708 (“Controlled Carrier Act”). The requested exemption would enable COSCO to reduce tariff rates immediately, rather than subject to the 30-day waiting period prescribed by the Controlled Carrier Act, or the partial exemption granted by the Commission in 1998.¹ See *infra* at 3.

Notice of the filing of the Petition was published in the **Federal Register** on April 8, 1999, and interested parties were given until May 7, 1999 (later extended to September 7, 1999, in response to unopposed motions of American President Lines, Ltd. (“APL”) and Sea-Land Service, Inc. (“Sea-Land”)), to file comments. 64 FR 17181 (April 8, 1999). For the reasons set forth below, the Commission has determined to re-open this proceeding for a brief comment period before it makes its final determination in this matter.

I. The Petition

COSCO explains that ocean common carriers, with the exception of controlled carriers, are permitted to reduce their rates effective immediately upon filing.² Only controlled carriers are subject to the 30-day waiting period for reductions in tariff rates, as set forth in section 9(c).³

¹ Section 9(c) states, in relevant part: “Notwithstanding section 8(d) of this Act and except for service contracts, the rates, charges, classifications, rules, or regulations of controlled carriers may not, without special permission of the Commission, become effective sooner than the 30th day after the date of filing with the Commission.” 46 U.S.C. app. 1708(c).

² Section 8(d) of the Shipping Act of 1984 (“Shipping Act”) requires that all common carriers, controlled or otherwise, must give 30 days notice for rate increases. 46 U.S.C. app. 1707(d).

³ Section 3(8) of the Shipping Act defines “controlled carrier” as:

an ocean common carrier that is, or whose operating assets are, directly or indirectly, owned or controlled by the government under whose registry the vessels of the carrier operate; ownership or control by a government shall be deemed to exist with respect to any carrier if—

On March 27, 1998, the Commission granted COSCO a limited exemption from the 30-day waiting requirement of section 9(c), allowing COSCO to decrease its tariff rates to levels which would meet or exceed those of its competitors with no waiting period. *Petition of China Ocean Shipping (Group) Company for a Limited Exemption from Section 9(c) of the Shipping Act of 1984*, Petition No. P1–98, 28 S.R.R. 144 (1998)(hereinafter “1998 Order”). In the current petition, COSCO seeks authority to reduce rates on less than 30 days notice, regardless of whether it is meeting a rate published by a competitor.
