

Need for Correction

As published, the final rule contains errors that may prove to be misleading and are in need of clarification.

Correction of Publication

In final rule FR Doc. 03-28991, published on November 20, 2003 (68 FR 65392), make the following correction.

§ 103.11 Corrected

On page 65398, in column 1, correct paragraph (ii)(1) by adding the words “purchase or redemption of casino chips or tokens, or other gaming instruments” after the words “purchase or redemption of any money order, payment or order for any money remittance or transfer;”.

Dated: January 21, 2004.

Cynthia L. Clark,

Deputy Chief Counsel, Financial Crimes Enforcement Network, Federal Register Liaison.

[USCG-2004-16938]

Quarterly Listings; Safety Zones, Security Zones, Special Local Regulations and Drawbridge Operation Regulations

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary rules issued.

SUMMARY: This document provides required notice of substantive rules issued by the Coast Guard and temporarily effective between October 1, 2003 and December 31, 2003, that were not published in the **Federal Register**. This quarterly notice lists temporary local regulations, drawbridge operation

regulations, security zones, and safety zones, all of limited duration and for which timely publication in the **Federal Register** was not possible.

DATES: This notice is effective January 29, 2004.

ADDRESSES: The Docket Management Facility maintains the public docket for this notice. Documents indicated in this notice will be available for inspection or copying at the Docket Management Facility, U.S. Department of Transportation, Room PL-401, 400 Seventh Street SW., Washington, DC 20593-0001 between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays. You may electronically access the public docket for this notice on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: For questions on this notice contact LT Jeff Bray, Office of Regulations and Administrative Law, telephone (202) 267-2830. For questions on viewing, or on submitting material to the docket, contact Andrea M. Jenkins, Program Manager, Docket Operations, telephone 202-366-0271.

SUPPLEMENTARY INFORMATION: Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. Safety zones may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. Security zones limit access to prevent injury or damage to vessels, ports, or waterfront facilities and may also describe a zone around a vessel in motion. Special local regulations are issued to enhance the safety of participants and spectators at regattas and other marine events. Drawbridge operation regulations authorize changes to drawbridge schedules to accommodate bridge repairs, seasonal vessel traffic, and local

public events. Timely publication of these rules in the **Federal Register** is often precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected public is, however, informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the beginning of the effective period, mariners were personally notified of the contents of these special local regulations, drawbridge operation regulations, security zones, or safety zones by Coast Guard officials on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these special local regulations, security zones, safety zones and temporary drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. The safety zones, special local regulations, security zones and drawbridge operation regulations listed in this notice have been exempted from review under Executive Order 12866, Regulatory Planning and Review, because of their emergency nature, or limited scope and temporary effectiveness.

The following rules were placed in effect temporarily during the period from October 1, 2003, through December 31, 2003, unless otherwise indicated.

Dated: January 22, 2004

S.G. Venckus,

Chief, Office of Regulations and Administrative Law.

BILLING CODE 4910-15-M

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD07-02-141]

RIN 1625-AA09

Drawbridge Operation Regulations; Caloosahatchee River Bridge (SR 29), Okeechobee Waterway, Labelle, Florida.

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the regulations governing the operation of the Caloosahatchee River bridge (SR 29), Okeechobee Waterway, mile 103, Labelle, Florida. This rule requires the bridge to open on signal, except that from 7 a.m. to 9 a.m. and 4 p.m. to 6 p.m., Monday through Friday, except Federal holidays, the bridge need not open. This action is intended to improve movement of vehicular traffic while not unreasonably interfering with the movement of vessel traffic.

DATES: This rule is effective March 1, 2004.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [CGD07-02-141] and are available for inspection or copying at Commander (obr), Seventh Coast Guard District, 909 SE 1st Avenue, Miami, Florida 33131 between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays. Bridge Branch (obr),

Seventh Coast Guard District, maintains the public docket for this rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. Barry Dragon, Project Manager, Seventh Coast Guard District, Bridge Branch, (305) 415-6743.

SUPPLEMENTARY INFORMATION:

Regulatory History

On March 19, 2003, the Coast Guard published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulations; Caloosahatchee River bridge (SR 29), Okeechobee Waterway, Labelle, Florida, in the *Federal Register* (68 FR 13242). We received one (1) comment on this notice of proposed rulemaking (NPRM). No public hearing was requested, and none was held.

Background and Purpose

The Mayor of Labelle requested a change in regulations governing the operation of the Caloosahatchee River bridge (SR 29), to ease vehicle traffic congestion, during morning and evening rush hours. The roadway is a two-lane, narrow, undivided arterial roadway. The waterway has safe waiting areas on each side of the bridge for all vessels; however, the waterway is used predominantly by small to mid-sized recreational vessels. The roadway is severely congested due to insufficient vehicular capacity. The existing regulation for this bridge is published in 33 CFR 117.5 and requires the bridge to open on signal. The rule will continue to require the bridge to open on signal, except that from 7 a.m. to 9 a.m. and from 4 p.m. to 6 p.m., Monday through Friday, except Federal holidays, the draw need not open. Tugs with tows, public vessels of the United States and vessels in distress shall be passed at any time.

Discussion of Comments and Changes

We received one (1) comment on the notice of proposed rulemaking (NPRM) against the rule change, citing that the period of closure was too long for vessels to wait.

We have carefully considered the comment and decided not to change the proposed rule. Vessels transiting the area would have a 20-hour period during which the bridge would open on signal and adequate safe waiting areas are available.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary, because the rule will only affect a small percentage of vessel traffic through this bridge.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have
