EXPORT-IMPORT BANK OF THE UNITED STATESFinancing or Operating Lease Coverage Explanation of Application Form for Export Credit Insurance

THIS EXPLANATION IS GIVEN ONLY FOR THE PURPOSE OF ASSISTING YOU IN REVIEWING THE APPLICATION FORM. THE COMPLETE TERMS AND CONDITIONS OF COVERAGE ARE SET FORTH IN THE POLICY ITSELF. PLEASE NOTE THAT ALL UNDERLINED WORDS IN THIS EXPLANATION AND THE APPLICATION FORM ARE DEFINED IN THE POLICY.

INTRODUCTION - Two Types of Coverage: Operating and Financing Leases

The Export-Import Bank of the United States (Ex-Im Bank) has created two credit insurance policies for the leasing industry, one entitled Operating Lease Policy, and the other Financing Lease Policy. Each provides a unique system of coverage which is described below. It is important to know that the terms operating lease and financing lease are used herein as descriptive titles for the purposes of the policies only. Definitions of an operating lease, true lease, financing or full payout lease vary depending upon whether one is speaking in the context of accounting, taxes, commercial law, or international trade. These definitions do not affect your choice between the two Ex-Im Bank policies. The choice between the Operating Lease Policy or Financing Lease Policy depends upon the characteristic of the transaction. The Finance Lease Policy must be used if the transaction is essentially a conditional sale and the intent of the lessor is to transfer title at the end of the lease period. Usually there is no or little residual value. The Operating Lease Policy must be used if the transaction is not essentially a sale, but involves the rental concept (i.e, the lessor does not intend to transfer title to the lessee at the end of the lease period). Usually there is a significant residual value. All transactions which have residual value greater than or equal to 25% of the full value of the leased products must use the Operating Lease Policy.

The separation between the two types of coverage is due in part to the necessities of compliance with certain international agreements pertinent to medium-term sales. For those purposes, the financing lease is viewed as a medium-term sale and therefore an <u>advance payment</u> from the <u>lessee</u> to the lessor is required. An operating lease, however, which embodies the expectation of <u>repossession</u> of a <u>leased product</u>, which product may or may not have retained its expected market value, can be viewed by Ex-Im Bank as a rental and thereby can be underwritten by Ex-Im Bank without the imposition of an <u>advance payment</u> requirement.

Coverage is made available for <u>leased products</u> of United States origin as defined by the current underwriting guidelines. Used products may be covered. Refer to Ex-Im Bank's Fact Sheet on Used Equipment Guidelines EIB92-63. Lessors may be located in the United States, the country where the <u>lessee</u> is located, or a third country. Coverage is available for products which have been previously exported from the United States, however, products which have been exported as a sale or financing lease must be returned to the United States for at least one year to be eligible for coverage. Products which have been exported under an operating lease must also be returned to the United States but there is no minimum repatriation period required.

STRUCTURE OF EX-IM BANK'S FINANCING LEASE POLICY

Similar to the structure of a medium-term sale transaction, there is a requirement of a 15% <u>advance payment</u> from the <u>lessee</u> to the lessor (applicant/insured) on or before the delivery of the <u>leased products</u>. The <u>advance payment</u> may be financed. You can only insure the remaining 85% of the <u>lease</u> transaction.

Should the <u>lessee default</u>, coverage is provided for the <u>insured percentage</u> of each <u>lease</u> payment as it falls due until the end of the <u>lease term</u>. Coverage is usually provided at 100%. At the time of claim payment, the <u>insured</u> is obligated to transfer to Ex-Im Bank all remaining obligations of the <u>lease</u>, as well as title to the <u>leased products</u>. The coverage of <u>lease</u> payments as they become due remains effective regardless of failed <u>repossession</u> efforts for any reason or Ex-Im Bank's own subsequent <u>repossession</u> of a <u>leased product</u> which has lost its market value.

STRUCTURE OF EX-IM BANK'S OPERATING LEASE POLICY

Coverage for Stream of Payments During Repossession Efforts - This policy divides coverage into two distinct parts, the first being for the stream of payments which fall due during a limited repossession efforts period after default of the lessee. Although the length of the repossession efforts period will be underwritten on a case-by-case basis, it will generally extend to cover those periodic and approved non-periodic payments which fall due during a maximum period of five months after the default. The intention of this first coverage is to maintain the insured's stream of payments while he takes action to repossess the leased products. Coverage for the stream of payments is usually provided at 100% for sovereign lessees and 90% for all others.

Coverage for Governmental Prevention of Repossession - If the <u>insured</u> has elected to purchase this coverage and is unable to effect <u>repossession</u> during the <u>repossession efforts period</u>, he may then claim under Risk 5 coverage, but only if <u>repossession</u> is prevented by the type of government action specifically described under Risk 5 of the Operating Lease Policy. Generally, those risks are referred to as expropriation or confiscation. Coverage will be limited to the actions of the governments of those countries which the insurer agrees to specify in the declarations. A failure of the <u>insured</u> to effect <u>repossession</u> for reasons other than those specified in Risk 5 is not covered. Note that the valuation of coverage under Risk 5 is the <u>fair market value</u> of the <u>leased products</u> at the time of claim submission. The coverage percentage under Risk 5 is 100%.

POLICY ISSUANCE

Both the Operating Lease Policy and Financing Lease Policy are of the single transaction type, meaning that a separate policy is issued for each separate <u>lease</u> you insure with Ex-Im Bank. Upon the review and approval of your application, Ex-Im Bank will issue a commitment notice for 90 days, reflecting the coverage parameters, including the credit limits and premium due, for your <u>lease</u> transaction. The policy is issued once you pay the applicable premium which is due prior to the expiration of the commitment notice.

The Operating Lease Policy offers "limits" type coverage:

Under Risks 1, 2, 3, 4 on the stream of payments, you may purchase an amount of insurance up to the credit limit which Ex-Im Bank has approved, or less, if you deem it appropriate. Ex-Im Bank's maximum claim payment for these risks would be the <u>insured percentage</u> of the <u>loss</u> up to the lesser of the actual amount of the limited number of <u>periodic</u> and <u>non-periodic</u> payments specified in the policy declarations or the coverage credit limit you have purchased.

In a similar manner, for Risk 5, you may purchase an amount of insurance up to the credit limit which Ex-Im Bank approves, or less if you desire, to cover the value of the <u>leased products</u> should their <u>repossession</u> after a <u>default</u> be prevented by one of the forms of governmental intervention set forth in the policy. Under Risk 5, the claim payment would be the <u>insured percentage</u> of the <u>fair market value</u> at the time of claim, but limited by the credit limit of coverage you have purchased.

Note that prior to the time of policy issuance you must make the final decision on your credit limits, taking into consideration whatever factors you choose, including the possibilities that a <u>default</u> and prevention of <u>repossession</u> may occur very early during the life of the <u>lease</u>.

Under the Financing Lease Policy, Ex-Im Bank's maximum claim payment for Risks 1, 2, 3, 4 would be the <u>insured</u> percentage of the amount of the <u>insured</u>'s loss on approved non-periodic payments and on the principal and covered

interest of each actual periodic payment as set forth on the schedule in the policy declarations.

FURTHER POINTS OF CLARIFICATION

- Ex-Im Bank coverage under both the Operating and Financing Lease Policies is available for both the rental portion of the <u>lease</u>, which is referred to as <u>periodic payments</u>, and also other non-rental type payments, referred to as <u>approved non-periodic payments</u>. <u>Periodic payments</u> must be due from the <u>lessee</u> to the insured under the <u>lease</u> at equal time periods, but the amounts of such payments may be unequal.
- The concept of a <u>non-periodic payment</u> is intended to include those payments which are obligations of the <u>lessee</u> under the <u>lease</u>, but for which payment is due upon the occurrence of certain specified contingencies other than the passage of equal periods of time. Such obligations might include service or maintenance payments payable by the <u>lessee</u> to the <u>insured</u> lessor. If such <u>non-periodic payments</u> are payable to a third party, however, they can be insured only if the <u>lease</u> contains an obligation of the <u>lessee</u> to reimburse the <u>insured</u> if such payments are not made to the third party by the <u>lessee</u> when due and are instead made by the <u>insured</u>. Your application for coverage of such <u>non-periodic payments</u> will be underwritten by Ex-Im Bank, and a credit limit will be entered for each approved non-periodic payment.
- Both policies require that the <u>lease</u> documentation set forth certain obligations. Before Ex-Im Bank can
 realistically underwrite a transaction, it is usually necessary to review at least a draft of the <u>lease</u>
 documentation prepared for the transaction you wish to insure. That draft should be as complete as possible
 when submitted.

POLICY RISK TYPES

Risks 1, 2, 3 - political risks of non-payment

(currency inconvertibility, cancellation of export or import licenses, war, insurrection, requisition or expropriation)

- Risk 4 commercial risk of non-payment (protracted <u>default</u>, <u>insolvency</u>)
- Risk 5 governmental prevention of <u>repossession</u> of <u>leased products</u> (expropriation, confiscation applicable to Operating Lease Policy only)
