DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2004 Panel of the Survey of Income & Program Participation, Wave 2 Topical Modules.

Form Number(s): SIPP 24205(L)

Director's Letter; SIPP/CAPI Automated Instrument; SIPP 24003 Reminder Card.

Agency Approval Number: 0607-0905.

Type of Request: Revision of a currently approved collection.

Burden: 98,685 hours.

Number of Respondents: 97,650.

Avg. Hours Per Response: 30 minutes.

Needs and Uses: The U.S. Census Bureau requests authorization from the Office of Management and Budget (OMB) to conduct the Wave 2 topical module interview for the 2004 Panel of the Survey of Income and Program Participation (SIPP). We are also requesting approval for a few replacement questions in the reinterview instrument. The core SIPP and reinterview instruments were cleared under Authorization No. 0607-0905.

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every few years, with each panel having durations of 3 to 4 years. The 2004 Panel is scheduled for 4 years and will include 12 waves of interviewing. All household members 15 years old or over are interviewed a total of 12 times (12 waves), at 4-month intervals, making the SIPP a longitudinal survey.

The survey is molded around a central "core" of labor force and income questions that remain fixed throughout the life of a panel. The core is supplemented with questions designed to answer specific needs. These supplemental questions are included with the core and are referred to as "topical modules." The topical modules for the 2004 Panel Wave 2 are Work History, Education and Training History, Marital History, Fertility History, Migration History, and Household Relationships. These topical modules were previously conducted in the SIPP 2001 Panel Wave 2 instrument. Wave 2 interviews will be conducted from June through September 2004.

Data provided by the SIPP are being used by economic policymakers, the Congress, State and local governments, and Federal agencies that administer social welfare or transfer payment programs, such as the Department of Health and Human Services and the Department of Agriculture. The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single and unified database so that the interaction between tax, transfer, and other government and
