The following public land, located in El Dorado County, near the community of Greenwood has been examined and found suitable for lease and/or conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*).

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

3. Any other valid and existing rights of record not yet identified.

Classification Comments

Interested parties may submit comments involving the suitability of the land for a regional park facility. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the application, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a regional park.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective April 12, 2004. A plan of development for the regional park is on file in the Folsom Field Office.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The following described land in Clark County, Nevada, has been examined and found suitable for direct sale under section 203 of the Federal Land Policy and Management Act of 1976 (Pub. L. 94-579, as amended; 43 CFR 2711.3-3).

FOR FURTHER INFORMATION CONTACT: Anna Wharton, Supervisory Realty Specialist, (702) 515-5095.

SUPPLEMENTARY INFORMATION: The following described land in Clark County, Nevada, was patented to the State of Nevada, Division of State Lands, pursuant to the Act of Congress of June 14, 1926 (44 Stat. 741, as amended; 43 U.S.C. 869), on July 20, 1983 for a prison (N-25221-02).

Sec. 33, lots 1 to 12, inclusive, N $\frac{1}{2}$.

The patent contains a reversionary interest to the United States. The State of Nevada requests the purchase of the reversionary interest at not less than the fair market value of \$124,000, as determined by a BLM-approved

appraisal for a portion of the patented land, on the following described land. These lands were also previously segregated from mineral entry under case file number N-61968FD, with record notation as of October 1, 1997. This segregation on the following described land will terminate upon publication of this Notice of Realty Action.

Direct sale procedures to the State of Nevada are considered appropriate, in this case, as the land described above was patented to the State of Nevada, and transfer of the Federal interest to any other entity would not protect existing equities in the land. The direct sale is consistent with the current Bureau planning for this area and would be in the public interest. The land is not required for any Federal purpose. The patent will be subject to the provisions of the Federal Land Policy and Management Act and applicable regulations of the Secretary of the Interior and the land will continue to be subject to the following reservations to the United States:
