Testimony Certified or Under Oath

AGENCY: Department of Veterans Affairs.
ACTION: Withdrawal of proposed rule.

SUMMARY: This document withdraws a proposed rule that would have removed the adjudication regulation that requires written and oral testimony to be certified or given under oath or affirmation in most cases. This proposed rule was erroneously published in the **Federal Register** on July 31, 2002, at 67 FR 49646, under a previously deleted Regulatory Identification Number (RIN 2900–AK24). The proposal is being withdrawn because the Department of

Veterans Affairs is revising and republishing its part 3 compensation and pension regulations to make them easier to understand and apply. To ensure that this proposal is consistent with other related regulations being rewritten and published in that project, it is being withdrawn at this time. The Regulation Rewrite Project plans to republish this proposed rulemaking within one of its packages of regulations, “General Evidence Requirements, Effective Dates, Revision of Decisions, and Protection of Existing Ratings.”

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; MOBILE6-Based Motor Vehicle Emission Budgets for Greenbrier County and the Charleston, Huntington, and Parkersburg 1-Hour Ozone Maintenance Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve revisions to the West Virginia State Implementation Plan (SIP). The revisions amend the 1-hour ozone maintenance plans for Greenbrier County and the Charleston, Huntington and Parkersburg areas. These revisions amend the maintenance plan’s base year and 2005 highway mobile volatile organic compound (VOC) and nitrogen oxide (NO_x) emission inventories and the 2005 motor vehicle emissions budgets (MVEBs) to reflect the use of MOBILE6. These revisions also reallocate a portion of each plans’ safety margins which results in an increase in the MVEBs. The revised plans continue to demonstrate maintenance of the 1-hour national ambient air quality standard (NAAQS) for ozone. In the

final rules section of this **Federal Register**, EPA is approving West Virginia’s SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.
