CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Submission for OMB Emergency Review

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), has submitted the following information collection request (ICR) utilizing emergency review procedures, to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). The Corporation requested that OMB review and approve its emergency request by February 11, 2004, for a period of six (6) months. A copy of this ICR, with applicable supporting documentation, may be obtained by contacting the Corporation for National and Community Service, Ms. Shelly Ryan, (202) 606-5000, Ext. 549, or by e-mail at sryan@cns.gov.

Type of Review: Emergency request.

Agency: Corporation for National and Community Service.

Title: Peer Reviewer Application.

OMB Number: None.

Agency Number: None.

Affected Public: Citizens of the United States.

Total Respondents: 10,000.

Frequency: One time.

Average Time Per Response: 45 minutes.

Estimated Total Burden Hours: 7,500 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Description: The Corporation advertises grant competitions in AmeriCorps, Learn and Serve America, and Senior Corps. As part of its review process, the Corporation uses peer reviewers to determine the quality of the applications we receive.

The information collected will be used by the Corporation to select peer

reviewers for each grant competition. All individuals interested in applying as peer reviewers or facilitators of the peer review panels will be required to complete a short electronic survey. Those selected as a peer reviewer will be required to complete part two of the electronic application.

Because the recently enacted budget calls for a major increase in AmeriCorps funding, the Corporation must immediately find a large number of peer reviewers to assist in peer reviews beginning in March, 2004. Therefore, there was not enough time for an initial public comment period prior to submitting this request to OMB. However, if OMB approves the emergency request for six (6) months, the Corporation will issue another Notice that will afford the public 60-days to provide its comments.

Dated: February 6, 2004.

Marlene Zakai,

Senior Policy Advisor on Grants Management.

Summary of Information Collection

Respondents are LRAs that have executed no-cost EDC agreements with a Military Department that transferred property from a closed military installation. As provided by section 2821(a)(3)(B)(i) of the National Defense Authorization Act for Fiscal Year 2000 (Pub. L. 106-65), such agreements require that the LRA reinvest the proceeds from any sale, lease or equivalent use of EDC property (or any portion thereof) during at least the first seven years after the date of the initial transfer of the property to support the economic redevelopment of, or related to, the installation. The Secretary of Defense may recoup from the LRA such portion of these proceeds not used to support the economic redevelopment of, or related to, the installation. LRA's are subject to this same seven-year reinvestment requirement if their EDC agreement is modified to reduce the debt owed to the Federal Government. Military Departments monitor LRA compliance with this provision by requiring an annual financial statement certified by an independent Certified Public Accountant. No specific form is required.

SUPPLEMENTARY INFORMATION:

A. Final Selection Criteria

The final criteria to be used by the

realignment of military installations
inside the United States under the
Defense Base Closure and Realignment
Act of 1990, Public Law 101-510, as
amended, 10 U.S.C. 2687 note, are as
follows:

In selecting military installations for
closure or realignment, the Department
of Defense, giving priority consideration
to military value (the first four criteria
below), will consider:

Military Value

1. The current and future mission
capabilities and the impact on
operational readiness of the Department
of Defense's total force, including the
impact on joint warfighting, training,
and readiness.

2. The availability and condition of
land, facilities and associated airspace
(including training areas suitable for
maneuver by ground, naval, or air forces
throughout a diversity of climate and
terrain areas and staging areas for the
use of the Armed Forces in homeland
defense missions) at both existing and
potential receiving locations.

3. The ability to accommodate
contingency, mobilization, and future
total force requirements at both existing
and potential receiving locations to
support operations and training.

4. The cost of operations and the
manpower implications.

Other Considerations

5. The extent and timing of potential
costs and savings, including the number
of years, beginning with the date of
completion of the closure or
realignment, for the savings to exceed
the costs.

6. The economic impact on existing
communities in the vicinity of military
installations.

7. The ability of both the existing and
potential receiving communities'
infrastructure to support forces,
missions, and personnel.

8. The environmental impact,
including the impact of costs related to
potential environmental restoration,
waste management, and environmental
compliance activities.
