

The issues identified during scoping and the analysis process will determine alternatives to the proposed action. The no action alternative will be analyzed as well.

DATES: Written comments concerning the scope of the analysis described in this Notice should be received within 30 days of the date of publication of this Notice in the **Federal Register**. No meetings are planned at this time. Information received will be used in preparation of the draft EIS and final EIS.

ADDRESSES: Send written comments to the Caribou-Targhee National Forest, Montpelier Ranger District, 322 North 4th Street, Montpelier, ID 83254.

FOR FURTHER INFORMATION CONTACT: Questions concerning the proposed action and EIS should be directed to Ken Klingenberg, Caribou-Targhee National Forest, Montpelier Ranger District, 322 North 4th Street, Montpelier, ID 83254. [Telephone; (208) 847-0375.]

SUPPLEMENTARY INFORMATION: The Forest Service is seeking information and comments from Federal, State, and local agencies, as well as individuals and organizations that may be interested in, or affected by, the proposed action. The Forest Service invites written comments and suggestions on the issues related to the proposal and the area being analyzed.

Information received will be used in preparation of the draft EIS and final EIS. For the most effective use, comments should be submitted to the Forest Service within 30 days from the date of publication of this notice in the **Federal Register**.

The Responsible Official is Jerry B. Reese, Forest Supervisor, Caribou-Targhee National Forest, 1405 Hollipark Dr., Idaho Falls, ID 83401.

The decision to be made is: Whether to continue the present course of action (the no action alternative) or to implement the proposed action with applicable mitigation measures, or to implement an alternative to the proposed action with its applicable mitigation measures.

The tentative date for filing the Draft EIS is June 1, 2004. The comment period on the draft environmental impact statement will be open for 45 days from the date of the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft EIS's must structure

their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft EIS stage but that are not raised until after completion of the final EIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986), and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS. To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapter of the draft EIS. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the draft EIS. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points. Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record on this proposed action and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, those who submit anonymous comments will not have standing to appeal the subsequent decision under 36 CFR parts 215 or 217. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only limited circumstances, such as to protect trade secrets. The Forest Service will inform the requestor of the agency's decision regarding the request for confidentiality, and where the request is denied, the agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within 10 days.

Dated: February 6, 2004.
