#### Algonquin Gas Transmission Company; Notice of Tariff Filing

February 10, 2004.

Take notice that on February 6, 2004, Algonquin Gas Transmission Company (Algonquin) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, Third Revised Sheet No. 930 and Third Revised Sheet No. 935, to be effective March 7, 2004.

Algonquin states that the purpose of this filing is to modify the pro forma LINK System Agreement contained in its tariff. In particular, Algonquin suggest that the filing seeks to modify the list of parties to the agreement and the signature block to reflect the corporate name change from Egan Hub Partners, L.P. to Egan Hub Storage, LLC that became effective on January 1, 2004.

Algonquin states that copies of its filing have been served on all affected customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary. Enter the docket number excluding the last three digits in the docket number field to access the document. #### Cheniere Sabine Pass Pipeline Company; Notice of Amendment to Application for Certificate of Public Convenience and Necessity

February 10, 2004.

Take notice that on February 6, 2004, Cheniere Sabine Pass Pipeline Company (Cheniere Sabine), 717 Texas Avenue, Suite 3100, Houston, Texas 77002, filed an amendment to its Application for a Certificate of Public Convenience and Necessity, filed on December 22, 2003 pursuant to Section 7(c) of the Natural Gas Act (NGA). The amended Application reflects a shortening and redesign of the originally proposed pipeline route.

This amendment is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on

the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document; add the sub-docket-001 to look only at the amendment. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. Any initial questions regarding this amendment should be directed to Keith M. Meyer, 333 Clay Street, Suite 3400, Houston, Texas. Phone: (713) 659-1361.

Cheniere Sabine says that its pipeline proposal has now changed from about 120 miles to about 16 miles in length. Cheniere Sabine notes that it had also modified the diameter of the proposed pipeline from 48-inches to 42-inches and changed in the maximum capacity of the proposed pipeline from 2.7 Bcf per day to 2.6 Bcf per day. The amended Cheniere Sabine pipeline route will follow the first 16 miles of the route proposed in the December 22 filing, at which point it will terminate at Johnson Bayou, Louisiana—the site of multiple gas processing facilities and pipeline interconnects. Accordingly, Cheniere Sabine states that the route will terminate at milepost (MP) 16.0, rather than MP 119.7, as originally proposed. Included in the amendment are various revised exhibits which supercede the relevant part of the exhibits in the December 22 filing to reflect the changes in the location, size, design, cost, and rate derivation of the amended proposal. Cheniere Sabine says that this shorter pipeline route is being proposed, in large part, for environmental reasons in order to minimize impacts to sensitive wetlands. Finally, Cheniere Sabine says it will conduct a 60-day open season beginning in the next few weeks for the purpose of obtaining binding commitments for firm transportation capacity.

Persons who filed motions to intervene in the applications filed on December 22, 2003 do not need to refile a motion to intervene in response to this amendment, but may file additional comments by the comment date, below.

Otherwise, there are two ways to become involved in the Commission's review of this amendment. First, any person wishing to obtain legal status by becoming a party to the proceeding for this amendment should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the NGA (18

CFR 157.10) by the comment date, below. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this amendment. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the amendment provide copies of their protests only to the party or parties directly involved in the protest.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 285.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-filing" link. The Commission strongly encourages electronic filings.

[Docket No. ER04-381-000]

#### DC Energy, LLC; Notice of Issuance of Order

February 9, 2004.

DC Energy, LLC (DC Energy) filed an application for market-based rate authority, with an accompanying tariff. The proposed tariff provides for wholesale sales of capacity, energy, and ancillary services at market-based rates. DC Energy also requested waiver of various Commission regulations. In particular, DC Energy requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by the DC Energy.

On February 5, 2004, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by DC Energy should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214).

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is March 8, 2004.

Absent a request to be heard in opposition by the deadline above, DC Energy is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of DC Energy, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of DC Energy's issuances of securities or assumptions of liability.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the e library (FERRIS) link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.
