Health Resources and Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA)

publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)-443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: The Presidential Initiative Application Forms for Funding Opportunities—In Use Without Approval

The Consolidated Health Center Program is administered by the Health Resources and Services Administration's (HRSA) Bureau of Primary Health Care (BPHC). Grant funding opportunities are provided for Health Centers under the Presidential Initiative to expand health centers. These funding opportunities use the following applications: New Access Point Funding (NAP), Service Area Competition (SAC), the Expanded Medical Capacity (EMC) for Consolidated Health Centers and the Service Expansion (SE). These application forms are used by new and current Health Centers to apply for funding.

The five-year President's Initiative to Expand Health Centers will significantly impact 1,200 of the Nation's neediest communities by creating new health center sites. Additional emphasis will be given to improving and strengthening existing sites and expanding existing centers.

BPHC will assist in achieving the Initiative through the various funding opportunities under this Initiative. This year's funding increase supported the development of an additional 100 new access points and 88 significantly expanded access points. New access points will be established by Health Centers targeting the neediest communities using successful Center models. Expanded capacity will be targeted to communities where an existing Health Center's ability to provide care falls short of meeting the full need for services to uninsured and underserved populations. Funding will be provided to Health Centers to support the staff needed to serve a substantial increase in users.

Estimates of annualized reporting burden are as follows:

Type of application form	Number of respondents	Hours per response	Total burden hours
NAP	500	60	30,000
SAC	250	50	12,500
EMC	225	25	5,625
SE	450	25	11,250
Total	1,425	59,375

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Desk Officer, Health Resources and Services Administration, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: February 12, 2004.

Tina M. Cheatham,

Director, Division of Policy Review and Coordination.

Agency Information Collection Activities: Proposed Collection

Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c) (2) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Public Law 104-13), the Health Resources and Services Administration (HRSA) will publish periodic summaries of proposed projects being

developed for submission to OMB under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the
