SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dp/dars/transf.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The rule deletes DFARS 224.102, which specifies that the Freedom of Information Act (5 U.S.C. 552) does not apply to certain contractor records. DoD considers the DFARS text to be unnecessary, because this issue is adequately addressed in DoD 5400.11–R, Department of Defense Privacy Program, which is referenced in DFARS 224.103.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory

Flexibility Act, 5 U.S.C. 601, *et seq.*, because deletion of the DFARS text does not represent a change in DoD policy. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D038.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dp/dars/transf.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed changes delete DFARS text in the areas addressed below. This text will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI). A proposed rule describing the purpose and structure of PGI is published elsewhere in this issue of the **Federal Register** under DFARS Case 2003–D090, Procedures, Guidance, and Information.

- *DFARS 228.304, Risk-pooling arrangements.* In the early 1950's, DoD teamed with the insurance industry to develop a program that would minimize the cost of workers' compensation and contractor liability charged to Government contracts. The objective was to provide an optional insurance plan to be used if it provided a better deal than what could be purchased on

the open market. The team's solution was the National Defense Projects Rating Plan (NDPRP). The NDPRP defined premiums via a formula based upon average workers' compensation rates throughout the country and adjusted for experience pooled from Defense contractors. This produced premiums without loadings, *e.g.*, commissions, and eliminated the burden of negotiating premiums every year with insurance carriers. Today, there is little cost difference between the NDPRP and the states' workers' compensation program, because the states have adopted the same premium algorithm as the NDPRP and many contractors have adopted self-insurance. The text at DFARS 228.304 may be beneficial in the event of a prolonged surge in Defense contract activity, and should be retained as guidance. Accordingly, DoD proposes to remove this text from the DFARS and relocate it to the new DFARS companion resource, PGI.

- **DFARS 228.305, Overseas workers' compensation and war-hazard insurance.** The Defense Base Act (42 U.S.C. 1651 *et seq.*) extends the Longshoremen's and Harbor Workers' Compensation Act (33 U.S.C. 901) to various classes of employees working outside the United States. When the agency head recommends a waiver to the Secretary of Labor, the Secretary may waive the applicability of the Defense Base Act to any contract, subcontract, work location, or classification of employees. DFARS 228.305 provides the procedures within DoD for submitting such requests for waiver. DoD proposes to remove this procedural text from the DFARS and relocate it to the new DFARS companion resource, PGI.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule deletes DFARS text addressing procedures that are no longer in use or that are internal to DoD. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be

submitted separately and should cite DFARS Case 2003–D037.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

Therefore, DoD proposes to amend 48 CFR Part 228 as follows:

1. The authority citation for 48 CFR Part 228 continues to read as follows:

Authority: 41 U.S.C. 421 and 48 CFR Chapter 1.

PART 228—BONDS AND INSURANCE

2. Sections 228.304 and 228.305 are revised to read as follows:

228.304 Risk-pooling arrangements.

DoD has established the National Defense Projects Rating Plan, also known as the Special Casualty Insurance Rating Plan, as a risk-pooling arrangement to minimize the cost to the Government of purchasing the liability insurance listed in FAR 28.307–2. Use the plan in accordance with the procedures at PGI 228.304 when it provides the necessary coverage more advantageously than commercially available coverage.

228.305 Overseas workers' compensation and war-hazard insurance.

(d) When submitting requests for waiver, follow the procedures at PGI 228.305(d).
