certain changes in the filing requirements which are effective beginning with the first quarter 2004 filing, due April 30, 2004. The enhancements have been made to the EQR submission software and users' EQR software will be automatically updated to the new version when they open their software on a computer that is connected to the Internet. A newly revised Users Guide and guidance for the changes resulting from Order No. 2001-E have been posted on the Commission's Web site at <http://www.ferc.gov/docs-filing/eqr/eqr-soft.asp>.

On March 11 and 12, 2004, there will be an EQR Users Group Workshop. All interested parties are invited to attend. The meeting will be held in the Commission Meeting Room at FERC headquarters, 888 First Street, NE., Washington, DC. For those unable to attend in person, access to some of the workshop sessions will be available by teleconference. These sessions are intended to be interactive meetings with considerable discussion of detailed elements of the EQR.

The teleconferenced Users Group Meeting will run from 1 p.m. to 5 p.m. on Thursday, March 11 and from 10 a.m. to 1 p.m. on Friday, March 12. There will be informal working sessions Thursday morning, from 9:30 a.m. until 12 p.m., and Friday afternoon, from 2 p.m. to 4 p.m. Those sessions will not be available via teleconference. Those interested in attending the meeting are asked to register online by 11 a.m. Pacific time on Friday, February 20, 2004, at http://www.ferc.gov/whats-new/registration/eqr_0224-form.asp. Beginning February 18, 2004, interested parties may download a copy of the entire EQR database from the

FERC Web site at <http://www.ferc.gov/docs-filing/eqr/database-down-new.asp>. The database is in Visual FoxPro (VFP) format. The file is over 500 MB compressed, expanding to over 7,500 MB when decompressed. This file will be updated each Saturday, and only one user at a time will be allowed to download it because of its size. For that reason and because of the computer sophistication required to use a VFP database, only parties with IT departments capable of supporting the database should attempt to download it.

Interested parties wishing to file comments may do so under the above-captioned Docket Numbers. Those filings will be available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. ENVIRONMENTAL PROTECTION AGENCY

[FRL-7626-2]

Proposed Amendment to Second Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed amendment to second consent decree regarding Portland, Maine; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed amendment to the second partial consent decree, to address a lawsuit filed by Sierra Club and the Group Against SMOG and Pollution in the District Court for the District of Columbia: *Sierra Club and Group Against SMOG and Pollution, Inc. v. Leavitt*, No. 1:00CV02206 (D. D.C.). On or about September 14, 2000, Sierra Club and the Group Against

SMOG and Pollution filed a complaint seeking to require EPA to take final actions regarding determinations of whether several PM-10 and ozone nonattainment areas had attained the pertinent air quality standards by their attainment dates. EPA and the plaintiffs previously settled the claims regarding a number of the nonattainment areas, including Portland, Maine, in prior consent decrees. EPA and the plaintiffs are now proposing to amend the consent decree concerning Portland to extend the date for EPA's final action regarding Portland. Under the terms of the proposed amendment to the second consent decree, EPA will sign for publication in the **Federal Register** the Administrator's final determination pursuant to 42 U.S.C. 7511(b)(2) on whether the Portland area did or did not attain the 1-hour national ambient air quality standards for ozone by the applicable attainment date.

DATES: Written comments on the proposed amendment to second consent decree must be received by March 25, 2004.

ADDRESSES: Submit your comments, identified by docket ID number OGC-2004-0003, online at <http://www.epa.gov/edocket> (EPA's preferred method); by e-mail to oei.docket@epa.gov; mailed to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Wordperfect or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT:

Kevin McLean, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. telephone: (202) 564-5564.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Amendment to Second Consent Decree

The proposed amendment to the second consent decree expects that the Maine Department of Environmental Protection ("DEP") will notify EPA in writing by March 1, 2004 that it has issued and made publicly available a study, including supporting data on the

feasibility of implementing the California Zero Emission Vehicle ("ZEV") mandate in Maine. In addition, the proposed amendment to the second consent decree expects that the Maine DEP will submit for EPA's approval eight specific revisions to its State Implementation Plan by dates set forth in the consent decree. The proposed amendment to the consent decree provides that if Maine DEP does not make its ZEV study publicly available by the specified date or if EPA does not find the SIP revisions complete or approve them by specified dates, EPA is to take final action regarding the determination of attainment for Portland. If, however, the ZEV study is made publicly available and EPA approves all of the eight SIP revisions, then EPA is to have no further obligations under the consent decree.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed amendment to second consent decree from persons who were not named as parties or interveners to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed amendment to second consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determine, based on any comment which may be submitted, that consent to the amendment to the second consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Amendment to Second Consent Decree

A. How Can I Get a Copy of the Amendment to the Second Consent Decree?

The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC.
