Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the

Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: The National Health Service Corps (NHSC) Scholarship Program Deferment Request Forms and Associated Reporting Requirements (OMB No. 0915-0179)—Extension.

The National Health Service Corps (NHSC) Scholarship Program was established to assure an adequate supply of trained primary care health professionals to the neediest communities in the Health Professional Shortage Areas (HPSAs) of the United States. Under the program, allopathic physicians, osteopathic physicians, dentists, nurse practitioners, nurse midwives, physician assistants, and, if needed by the NHSC program, students of other health professionals are offered the opportunity to enter into a contractual agreement with the Secretary under which the Public Health Service agrees to pay the total school tuition, required fees and a stipend for living expenses. In exchange, the scholarship recipient agrees to provide full-time clinical services at a site in a federally designated HPSA.

Once the scholars have met their academic requirements, the law requires that individuals receiving a degree from a school of medicine, osteopathic medicine or dentistry be allowed to defer their service obligation for a maximum of 3 years to complete approved internship, residency or other advanced clinical training. The Deferment Request Form provides the information necessary for considering the period and type of training for which deferment of the service obligation will be approved.

The estimated response burden is as follows:

Form	Number of respondents	Responses per respondent	Hours per response	Total hour burden
Deferment Request Forms	600	1	1	600
Letters of Intent and Request	100	1	1	100
Total	700	700

Written comments and recommendations concerning the

proposed information collection should be sent within 30 days of this notice to:

Desk Officer, Health Resources and Services Administration, Human

Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: February 18, 2004.

Proposed Project: The National Health Service Corps (NHSC) Scholarship Program In-School Worksheets (OMB No. 0915-0250)—Extension

The National Health Service Corps (NHSC) Scholarship Program was established to help alleviate the geographical and specialty maldistribution of physicians and other health practitioners in the United States. Under this program, health professional students are offered scholarships in return for services in a federally-designated Health Professional Shortage Area (HPSA). If awarded an NHSC Scholarship, the Program requires the schools and the awardees to review and complete data collection worksheets for

each year that the student is a NHSC Scholar.

The *Data Sheet* requests that the NHSC Scholar review the form for the accuracy of information such as, social security number, contact information, current curriculum, and date of graduation. If the information is inaccurate, the scholar makes the necessary changes directly on the form. If the inaccurate information pertains to the curriculum or date of graduation, the scholar will make changes directly on the form and include written notification from the school.

The *Verification Sheet* is sent to the school along with a list of the NHSC scholars that are enrolled for the current academic year. The schools verify and/or correct the enrollment status of each of the scholars on the list.

The *Contact Sheet* requests contact information for pertinent school officials. This information is used by the NHSC Scholarship Program for future contacts with the schools. The estimated burden is as follows:

Form name	Number of respondents	Responses per respondent	Hours per response (in minutes)	Total burden hours
Scholar Data Sheet	800	1	10	134
Verification Sheet	300	1	10	50
Contact Sheet	550	1	10	92
Total	1,350	276

Proposed Project: The Organ Procurement and Transplantation Network—New

The operation of the Organ Procurement and Transplantation Network (OPTN) necessitates certain record keeping and reporting requirements in order to perform the functions related to organ transplantation under contract to HHS. OMB requires review and approval of certain information collection requirements associated with the Final Rule that were not included in previous clearance requests. This is a request for approval of record keeping and reporting requirements associated with the processes for filing appeals in the case where applicants are rejected for membership or designation. To date, no appeals have been filed, and any forthcoming burden requirements for this process will be minimal. In the event of an appeal, the estimate of burden for this process consists of preparing a letter requesting
