

part of its FERC Gas Tariff, Original Volume No. 1, the tariff sheets attached to the filing, to become effective on April 1, 2004.

PNGTS states that the purpose of its filing is to establish a new firm transportation service, *i.e.*, "Hourly Reserve Service" (or "HRS"), which will be provided under a new Rate Schedule HRS. PNGTS states that it is proposing HRS service to provide additional options and flexibility to shippers, such as electricity generators, or those serving electricity generators, whose intra-day delivery requirements may not be uniform and who may require accelerated flow rates and minimum delivery pressures during particular periods of the gas day. PNGTS states that its provision of HRS service will not impair its ability to provide existing FT service and that PNGTS will provide HRS service from available system capacity; therefore no new facilities construction is required.

PNGTS states that copies of this filing are being served on all jurisdictional customers and interested State commissions.
