TRADE REPRESENTATIVE**

**Generalized System of Preferences  
(GSP): Import Statistics Relating to  
Competitive Need Limitations;  
Invitation for Public Comment on  
Possible De Minimis Waivers and  
Redesignations**

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice.

**SUMMARY:** This notice is to inform the public of interim 2003 import statistics relating to Competitive Need Limitations (CNL) under the Generalized System of Preferences (GSP) program. Public comments are invited by 5 p.m., March 31, 2004, regarding possible *de minimis* CNL waivers with respect to particular articles, and possible redesignations under the GSP program of articles currently subject to CNLs.

**FOR FURTHER INFORMATION CONTACT:** Contact the GSP Subcommittee of the Trade Policy Staff Committee, Office of the United States Trade Representative, 1724 F Street, NW., Room F-220, Washington, DC 20508. The telephone number is (202) 395-6971.

**SUPPLEMENTARY INFORMATION:**

**I. Competitive Need Limitations**

The GSP program provides for the duty-free importation of designated articles when imported from designated beneficiary developing countries (BDCs). The GSP program is authorized by title V of the Trade Act of 1974 (19 U.S.C. 2461, *et seq.*), as amended (the "1974 Act"), and is implemented in accordance with Executive Order 11888 of November 24, 1975, as modified by subsequent Executive Orders and Presidential Proclamations. Section 503(c)(2)(A) of the 1974 Act provides for CNLs on duty-free treatment under the

GSP program. When the President determines that a BDC exported to the United States during a calendar year either (1) a quantity of a GSP-eligible article having a value in excess of the applicable amount for that year (\$110 million for 2003), or (2) a quantity of a GSP-eligible article having a value equal to or greater than 50 percent of the value of total U.S. imports of the article from all countries (the "50 percent CNL"), the President shall terminate GSP duty-free treatment for that article from that BDC by no later than July 1 of the next calendar year.

**II. Discretionary Decisions**

**A. De Minimis Waivers**

Section 503(c)(2)(F) of the 1974 Act provides the President with discretion to waive the 50 percent CNL with respect to an eligible article imported from a BDC if the value of total imports of that article from all countries during the calendar year did not exceed the applicable amount for that year (\$16.5 million for 2003).

**B. Redesignation of Eligible Articles**

Where imports of an eligible article from a BDC ceased to receive duty-free treatment due to exceeding the CNL in a prior year, section 503(c)(2)(C) of the 1974 Act provides the President with discretion to redesignate such an article for duty-free treatment if imports in the most recently completed calendar year did not exceed the CNLs.

**III. Implementation of Competitive Need Limitations, Waivers, and Redesignations**

Exclusions from GSP duty-free treatment where CNLs have been exceeded will be effective July 1, 2004. Decisions on these matters, as well as decisions with respect to *de minimis* waivers and redesignations, will be based on full 2003 calendar year import statistics.

**IV. Interim 2003 Import Statistics**

In order to provide advance notice of articles that may exceed the CNLs for 2003, and to afford an opportunity for comment regarding *de minimis* waivers and redesignations, interim import statistics covering the first 10 months of 2003 are included with this notice. Full calendar year 2003 data may be obtained from the website of the U.S. International Trade Commission at <http://dataweb.usitc.gov/>.

The following lists contain, for each article, the Harmonized Tariff Schedule of the United States (HTSUS) subheading and beneficiary country of origin, the value of imports of such article for the first 10 months of 2003,

and the percentage of total imports of that article from all countries. The flags indicate the status of GSP eligibility. Articles marked with an "\*" are those that have been excluded from GSP eligibility for the entire past calendar year. Articles marked with a "D" are those that, based on interim 2003 data, may be eligible for a *de minimis* waiver of the 50 percent CNL.

List I shows GSP-eligible articles from BDCs that have already exceeded the CNL of \$110 million in 2003. Those articles without a flag are articles that were GSP-eligible during 2003 but stand to lose GSP duty-free treatment on July 1, 2004, unless a waiver is granted. Such waivers are required to have been previously requested in the 2003 GSP Annual Review.

List II shows GSP-eligible articles from BDCs that (1) have not yet exceeded, but are approaching, the \$110 million CNL for the period January-October 2003, or (2) are close to or above the 50 percent CNL. Depending on final calendar year 2003 import data, these articles stand to lose GSP duty-free treatment on July 1, 2004, unless a waiver is granted. Such waivers are required to have been previously requested in the 2003 GSP Annual Review.

List III is a subset of List II. List III identifies GSP-eligible articles from BDCs that are near or above the 50 percent CNL, but that may be eligible for a *de minimis* waiver of the 50 percent CNL. Actual eligibility for *de minimis* waivers will depend on final calendar year 2003 import data. Each year, *de minimis* waivers are considered automatically without a petition and public comments are accepted.

List IV shows GSP-eligible articles that are currently not receiving GSP duty-free treatment, but that have import levels (based on interim 2003 data) below the CNLs and thus may be eligible for redesignation pursuant to the President's discretionary authority. Articles with a "D" exceed the 50 percent CNL and would require both a *de minimis* waiver and redesignation to receive GSP duty-free treatment. The list may also contain articles that may not be redesignated until certain conditions are fulfilled, as where, for example, GSP eligibility for an article was administratively suspended because of deficiencies in a country's protection of worker or intellectual property rights. Redesignation requests are normally made in the annual review, unless made in conjunction with remedying the deficiencies.

The lists appended to this notice are provided for informational purposes only. The attached lists are computer-

generated and based on interim 2003 data, and may not include all articles that may be affected by the GSP CNLs. Regardless of whether an article is included on the lists, all determinations and decisions regarding the CNLs of the GSP program will be based on full calendar year 2003 import data with respect to each GSP-eligible article. Each interested party is advised to conduct its own review of 2003 import data with regard to the possible application of GSP CNLs.

#### IV. Public Comments

##### *Requirements for Submissions*

All submissions must conform to the GSP regulations set forth at 15 CFR part 2007, except as modified below. Furthermore, each party providing comments should indicate on the first page of the submission its name, the relevant HTSUS subheading(s), the beneficiary country or territory of interest, and the type of action (e.g., the use of the President's *de minimis* waiver authority) in which the party is interested.

Comments must be submitted, in English, to the Chairman of the GSP Subcommittee of the Trade Policy Staff Committee (TPSC) as soon as possible but not later than 5 p.m., March 31, 2004. Comments submitted after this date may be considered at the discretion of the GSP Subcommittee until the time its advice is provided to the TPSC.

In order to facilitate prompt consideration of submissions, USTR strongly urges and prefers electronic e-mail submissions in response to this notice. Hand delivered submissions will not be accepted. Submissions should be single-copy transmissions in English with the total submission not to exceed 50 single-spaced standard letter-size pages and 3 megabytes as a digital file attached to an e-mail transmission. The

e-mail transmission should use the following subject line: "Comments on 2003 CNL Review" followed by the HTSUS subheading number and beneficiary country of origin found on the appropriate list. Documents must be submitted as either WordPerfect (".wpd"), MSWord (".doc"), or text (".txt") files. Documents should not be submitted as electronic image files or contain imbedded images (for example, ".jpg", ".pdf", ".bmp", or ".gif") as such files are generally excessively large. E-mail submissions containing such image files will not be accepted. Supporting documentation submitted as spreadsheets are acceptable as QuattroPro or Excel, pre-formatted for printing only on 8 1/2 x 11 inch paper. To the extent possible, any data attachments to the submission should be included in the same file as the submission itself, and not as separate files.

Submissions in response to this notice will be subject to public inspection by appointment with the staff of the USTR Public Reading Room except for information granted "business confidential" status pursuant to 15 CFR 2003.6.

If the submission contains business confidential information, a non-confidential version of the submission must also be submitted that indicates where confidential information was redacted by inserting asterisks where material was deleted. In addition, the confidential version must be clearly marked "BUSINESS CONFIDENTIAL" at the top and bottom of each and every page of the document. The public version which does not contain business confidential information must also be clearly marked at the top and bottom of each and every page (either "PUBLIC" or "NON-CONFIDENTIAL"). Documents that are submitted without any marking

might not be accepted or will be considered public documents.

For any document containing business confidential information submitted as an electronic attached file to an e-mail transmission, the file name of the business confidential version should begin with the characters "BC-" and the file name of the public version should begin with the characters "P-". The "BC-" or "P-" should be followed by the name of the party (government, company, union, association, etc.) which is submitting the comments.

E-mail submissions should not include separate cover letters or messages in the message area of the e-mail; information that might appear in any cover letter should be included directly in the attached file containing the submission itself, including the sender's identifying information with telephone number and e-mail address. The e-mail address for these submissions is [FR0081@USTR.GOV](mailto:FR0081@USTR.GOV). Documents not submitted in accordance with these instructions might not be considered in this review. If unable to provide submissions by e-mail, please contact the GSP Subcommittee to arrange for an alternative method of transmission.

Public versions of all documents relating to this review will be available for public review approximately three weeks after the due date by appointment in the USTR Public Reading Room, 1724 F Street, NW., Washington, DC. Availability of documents may be ascertained, and appointments may be made from 9:30 a.m. to noon and 1 p.m. to 4 p.m., Monday through Friday, by calling 202-395-6186.

Under section 2104 of the Bipartisan Trade Promotion Authority Act of 2002 (TPA Act) (19 U.S.C. 3804), for agreements that will be approved and implemented through TPA procedures, the President needs to provide the Congress with at least 90 days written notice of his intent to enter into negotiations and identify the specific objectives for the negotiations. Before and after the submission of this notice, the President is to consult with appropriate Congressional committees and the Congressional Oversight Group regarding the negotiations. Under the Trade Act of 1974, as amended, the President must (i) afford interested persons an opportunity to present their views regarding any matter relevant to any proposed agreement, (ii) designate an agency or inter-agency committee to hold a public hearing regarding any proposed agreement, and (iii) seek the advice of the U.S. International Trade Commission (ITC) regarding the probable economic effects on U.S. industries and consumers of the removal of tariffs and non-tariff barriers on imports pursuant to any proposed agreement.

On February 12, 2004, after consulting with relevant Congressional committees and the Congressional Oversight Group, the USTR notified the Congress that the President intends to initiate free trade agreement negotiations with Thailand and identified specific objectives for the negotiations. In addition, the USTR has requested the ITC's probable economic effects advice. The ITC intends to provide this advice by August 20, 2004. This notice solicits views from the public on these negotiations and provides information on a hearing, which will be conducted pursuant to the requirements of the Trade Act of 1974.

**2. Public Comments and Testimony**

To assist the Administration as it continues to develop its negotiating objectives for the proposed agreement, the Chairman of the TPSC invites written comments and/or oral testimony of interested persons at a public hearing. Comments and testimony may address the reduction or elimination of tariffs or non-tariff barriers on any articles provided for in the Harmonized Tariff Schedule of the United States (HTSUS) that are products of Thailand, any concession which should be sought by the United States, or any other matter relevant to the proposed agreement. The TPSC invites comments and testimony on all of these matters and, in particular,

seeks comments and testimony addressed to:

(a) General and commodity-specific negotiating objectives for the proposed agreement.

(b) Economic costs and benefits to U.S. producers and consumers of removal of tariffs and non-tariff barriers to U.S.-Thailand trade.

(c) Treatment of specific goods (described by Harmonized System tariff numbers) under the proposed agreement, including comments on:

(1) Product-specific import or export interests or barriers,

(2) Experience with particular measures that should be addressed in the negotiations, and

(3) In the case of articles for which immediate elimination of tariffs is not appropriate, a recommended staging schedule for such elimination.

(d) Adequacy of existing customs measures to ensure Thai origin of imported goods, and appropriate rules of origin for goods entering the United States under the proposed agreement.

(e) Existing Thai sanitary and phytosanitary measures and technical barriers to trade.

(f) Existing barriers to trade in services between the United States and Thailand that should be addressed in the negotiations.

(g) Relevant electronic commerce issues that should be addressed in the negotiations.

(h) Relevant trade-related intellectual property rights issues that should be addressed in the negotiations.

(i) Relevant investment issues that should be addressed in the negotiations.

(j) Relevant competition-related matters that should be addressed in the negotiations.

(k) Relevant government procurement issues that should be addressed in the negotiations.

(l) Relevant environmental issues that should be addressed in the negotiations.

(m) Relevant labor issues that should be addressed in the negotiations.

Comments identifying as present or potential trade barriers laws or regulations that are not primarily trade-related should address the economic, political and social objectives of such laws or regulations and the degree to which they discriminate against producers of the other country. At a later date, the USTR, through the TPSC, will publish notice of reviews regarding (a) the possible environmental effects of the proposed agreement and the scope of the U.S. environmental review of the proposed agreement, and (b) the impact of the proposed agreement on U.S. employment and labor markets.

A hearing will be held beginning on March 30, 2004, in Rooms 1 and 2, 1724
