**SUPPLEMENTARY INFORMATION:** The Coast Guard has statutory and treaty obligations to make navigation information available to the public. Local Notices to Mariners (LNMs) are our primary means for communicating information pertaining to individual Coast Guard Districts. LNMs provide important safety information that is available nowhere else, and are distributed free of charge to subscribers. However, the cost of printing and mailing LNMs has become prohibitive. Technology now allows us to provide LNMs in a more timely and less costly manner via the Internet. The Coast Guard has published electronic (Internet) LNMs successfully for several years. Electronic LNMs appear on the Coast Guard Navigation Center's Web site at <http://www.navcen.uscg.gov/lnm/default.htm>. Recently, we revised our Aids to Navigation (ATON) Manual (COMDTINST M16500.7) to authorize elimination of printed LNMs. The last printed LNMs will be distributed April 1, 2004.

LNMs are referred to in two Coast Guard regulations, 33 CFR 62.21 and 33 CFR subpart 72.01. They relate to Coast Guard agency management and, under the Administrative Procedure Act (5 U.S.C. 551 *et seq.*), they can be amended without public notice and comment. We expect to revise these regulations to eliminate obsolete references to print distribution, as part of our forthcoming 2004 technical amendments to Title 33 of the CFR. Moreover, insofar as these regulations pertain to LNMs, they are general policy statements without binding effect either on the public or on the Coast Guard. We intend the present Notice, along with the notices we will convey directly to our LNM print and electronic subscribers, to inform the

public of the Coast Guard policy change eliminating printed distribution of LNMs, which was effected through revision of our ATON Manual.

Dated: February 20, 2004.
