

which concludes the tracking of members at the end of their term of service.

Submission of the *End of Term/Exit* form provides legal certification for the disbursement of an education award to an AmeriCorps member. It is the document by which an authorized program official at an AmeriCorps program site indicates whether an AmeriCorps member is eligible for an education award.

In 1999, the Corporation began using an electronic system to both enroll and exit AmeriCorps members. Local projects can enter into a database information about their members' enrollment and completion of service. This data is transferred to the Trust periodically where it becomes the official record.

A. ENROLLMENT FORM—(OMB #3045-0006)

Currently, AmeriCorps members use a form entitled *Corporation for National Service Enrollment Form* to enroll national service participants in the AmeriCorps program. The form requests program-related as well as demographic information. The program information includes the participant's start date, the code number of the program, the expected completion date, and whether the term of service is full or part time. This is the Corporation's sole source of data for individual members. The demographic information includes background information on the AmeriCorps member (including gender, marital status, education level, and reasons for joining).

The program information is used to:

- Make liability projections for the Trust Fund;
- Verify national service participation when requested by a lender who holds an AmeriCorps member's student loan (members are eligible to have the repayment of certain student loans postponed if they are participating in national service);
- Plan and monitor programs (review recruiting efforts, identify programs with excessive early termination rates, establish and reconcile program's budgets)

The demographic information is used for recruiting purposes and to provide the Corporation, program managers, and the Congress with demographic data on AmeriCorps members.

B. END OF TERM/EXIT FORM—(3045-0015)

The Corporation's End of Term/Exit form is the means by which AmeriCorps programs certify that a member has, or has not, successfully satisfied conditions which must be met in order to receive an education award. When an AmeriCorps member successfully completes a term of national service, a designated program official certifies that the service was completed and the individual is eligible for an education award. The End of Term/Exit form is the document upon which this certification is recorded.

Additional information requested on the form includes the member's service completion date, the current address where the education award documentation should be mailed, and two questions regarding the member's desire for post service information.
