Substance Abuse and Mental Health Services Administration

Funding Opportunity Title: Development of Comprehensive Drug/ Alcohol and Mental Health Treatment Systems for Persons Who Are Homeless (Short Title: Treatment for Homeless)

Announcement Type: Initial.

Funding Opportunity Number: TI 04-001.

Catalog of Federal Domestic

Assistance (CFDA) Number: 93.243.

Due Date for Applications: May 28, 2004.

[**Note:** Letters from State Single Point of Contact (SPOC) in response to E.O. 12372 are due July 27, 2004.]

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT), and Center for Mental Health Services (CMHS), announce the availability of FY 2004 funds for the Development of Comprehensive Drug/Alcohol and Mental Health Treatment Systems for Persons Who are Homeless (Short Title: Treatment for Homeless). A synopsis of this funding opportunity, as well as many other Federal Government funding opportunities, are also available at the Internet site: www.grants.gov.

For complete instructions, potential applicants must obtain a copy of SAMHSA's standard Services Grants Program Announcement, SVC-04 PA (MOD), and the PHS 5161-1 (Rev. 7/00) application form before preparing and submitting an application. The SVC-04 PA (MOD) describes the general program design and provides instructions for applying for all SAMHSA Services Grants, including the Treatment for Homeless program. SAMHSA's Services Grants provide

funds to expand and strengthen effective, culturally appropriate substance abuse and mental health services at the State and local levels. The services implemented through SAMHSA's Services Grants must incorporate the best objective information available regarding effectiveness and acceptability. In general, SAMHSA's Services Grants are appropriate for applicants seeking Federal support to implement substance abuse and mental health services that have a strong evidence-base for effectiveness. SAMHSA's Services Grants must be used primarily to support direct service delivery. SAMHSA expects that the services will be sustained beyond the term of the grant. Additional instructions and specific requirements for this funding opportunity are described below.

I. Funding Opportunity Description

Authority: Section 506 of the Public Health Service Act, as amended, and subject to the availability of funds.

The purpose of Treatment for Homeless grants is to enable communities to expand and strengthen their treatment services for homeless individuals with substance abuse disorders, mental illness, or with co-occurring substance abuse disorders and mental illness. "Homeless" persons are those who lack a fixed, regular, adequate nighttime residence, including persons whose primary nighttime residence is: a supervised public or private shelter designed to provide temporary living accommodations; a time-limited/nonpermanent transitional housing arrangement for individuals engaged in mental health and/or substance abuse treatment; or a public or private facility not designed for, or ordinarily used as, a regular sleeping accommodation. "Homeless" also includes "doubled-up"—a residential status that places individuals at imminent risk for becoming homeless—defined as sharing another person's dwelling on a temporary basis where continued tenancy is contingent upon the hospitality of the primary leaseholder or owner and can be rescinded at any time without notice.

Background: It is estimated that up to 600,000 persons are homeless on any given night. Persons with substance abuse disorders have an elevated risk for homelessness and for being homeless for long periods. Persons who are homeless have an elevated risk of infectious diseases associated with substance abuse, such as HIV/AIDS and hepatitis. One-half of homeless adults have histories of alcohol abuse or

dependence and one-third have histories of drug abuse. About 20–25% of homeless adults have lifetime histories of serious mental illness. Between 10–20% have a co-occurring SA/MH disorder. The "Treatment for Homeless" program began in FY 2001. Currently, there are 50 projects participating in this program.

II. Award Information

1. Estimated Funding Available/ Number of Awards: It is expected that \$13.9 million will be available to fund 35 awards in FY 2004. The maximum allowable award is \$400,000 in total costs (direct and indirect) per year for up to 5 years. Proposed budgets cannot exceed the allowable amount in any year of the proposed project. The actual amount available for the awards may vary, depending on unanticipated program requirements and the number and quality of the applications received. Annual continuations will depend on the availability of funds, grantee progress in meeting program goals and objectives, and timely submission of required data and reports.

2. Funding Instrument: Grant.

III. Eligibility Information

1. Eligible Applicants: Eligibility is restricted by statute to community-based public and private nonprofit entities. These entities include county governments, city or township governments, Federally recognized Native American tribal governments, tribal organizations, community-based nonprofit organizations (including faith-based organizations), and community-based State entities, such as State colleges, universities and hospitals, that propose to provide services under this announcement to the community. States are not eligible to apply under this statute. Current Treatment for Homeless grantees are not eligible to apply under this funding announcement unless their grant ends in September 2004. These eligibility criteria supersede the criteria specified in Section III-1 of the SVC-04 PA (MOD).

Applications for SAMHSA Services Grants must include evidence of experience and credentials as described in Section III-3 of the SVC-04 PA (MOD). Applications that do not include the required evidence will be screened out and will not be reviewed.

2. Cost Sharing or Matching is not required.

3. Other: Applicants must also meet certain application formatting and submission requirements, or the application will be screened out and will not be reviewed. These requirements are described in Section
