m. *Scoping Process:* The Commission staff intends to prepare an Environmental Assessment (EA) on the project in accordance with the National Environmental Policy Act once the final license application is filed. The EA will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action.

Scoping Meetings

The Commission staff will conduct a site visit, one agency scoping meeting and one public meeting. The agency scoping meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns, while the public scoping meeting is primarily for public input. All interested individuals, organizations, resource agencies, and Indian tribes are invited to attend one or both of the meetings, and to assist the staff in identifying the scope of the environmental issues that should be analyzed in the EA. The times and locations of these meetings are as follows:

Site Visit

When: Thursday, April 22, 2004, 10 a.m. to noon.

Where: Meet at Rocky Row Run Boat Ramp off Routes 501 and 130 between the towns of Glasgow and Big Island, Virginia; RSVP to Applicant Contact (item h) by April 14.

Agency Scoping Meeting

When: Thursday, April 22, 2004, 1:30 p.m. to 4 p.m.

Where: Holiday Inn Express, 850 North Lee Highway, Lexington, VA.

Public Scoping Meeting

When: Thursday, April 22, 2004, 7 p.m. to 9 p.m.

Where: Big Island Elementary School, 1114 Schooldays Road, Big Island, VA.

Copies of the Scoping Document (SD1) outlining the subject areas to be addressed in the EA were distributed to the parties on the Commission's mailing list. Copies of the SD1 will be available at the scoping meeting or may be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link (see item l above).

Objectives

At the scoping meetings, the staff will: (1) Summarize the environmental issues tentatively identified for analysis in the EA; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the EA, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the EA; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the EA.
