**Stanley Brothers, LLC, Lincoln, ME;  
Notice of Termination of Investigation**

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on March 4, 2004, in response to a petition filed by a state agency representative on behalf of workers at Stanley Brothers, LLC, Lincoln, Maine.

The investigation revealed that the subject firm did not separate or threaten to separate a significant number or proportion of workers as required by Section 222 of the Trade Act of 1974. Significant number or proportion of the workers means that at least three workers in a firm with a workforce of fewer than 50 workers would have to be affected. Separations by the subject firm did not meet this threshold level; consequently the petition has been terminated.

Signed at Washington, DC, this 16th day of March, 2004.

**TRW Automotive, Jackson, MI;  
Amended Certification Regarding  
Eligibility to Apply for Worker  
Adjustment Assistance and Alternative  
Trade Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on October 15, 2003, applicable to workers of TRW Automotive, Jackson, Michigan. The notice was published soon in the **Federal Register** on November 6, 2003 (68 FR 62834).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of brakes.

New information from the State shows that a company official of the subject firm requested Alternative Trade Adjustment Assistance (ATAA) on behalf of the workers of the subject firm but that request was not addressed in the decision document.

Information obtained from the company states that a significant number of workers of the subject firm are age 50 or over, workers have skills that are not easily transferable, and conditions in the industry are adverse.

Review of this information shows that all eligibility criteria under section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended have been met.

Accordingly, the Department is amending the certification to reflect its finding.

The amended notice applicable to TA-W-52,752 is hereby issued as follows:

“All workers of TRW Automotive, Jackson, Michigan, who became totally or partially separated from employment on or after August 25, 2002 through October 15, 2005, 2006, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974 and are also eligible to apply for Alternative Trade Adjustment Assistance under Section 246 of the Trade Act of 1974.”

Signed at Washington, DC, this 17th day of March, 2004.

**NATIONAL ARCHIVES AND RECORDS ADMINISTRATION**

**Records Schedules; Availability and Request for Comments**

**AGENCY:** National Archives and Records Administration (NARA).  
**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records

schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites 1 public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before May 20, 2004. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:  
 Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001.  
 E-mail: [records.mgt@nara.gov](mailto:records.mgt@nara.gov).  
 Fax: (301) 837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must

provide a mailing address. Those who desire appraisal reports should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:** Paul M. Wester, Jr., Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301) 837-3120. E-mail: [records.mgt@nara.gov](mailto:records.mgt@nara.gov).

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their
