SUPPLEMENTARY INFORMATION:

1. Background Information

On November 18, 2003, in accordance with section 2104(a)(1) of the Trade Act of 2002, the United States Trade Representative, Ambassador Robert B. Zoellick, notified Congress of the President's intent to enter into trade negotiations with the Andean Countries of Colombia, Peru, Ecuador and Bolivia. Ambassador Zoellick outlined specific U.S. objectives for these negotiations in the notification letters to Congress. Copies of the letters are available at http://www.ustr.gov/new/fta/Andean/2003-11-18-notification_letter.pdf.

The TPSC invited the public (69 FR 7532) to provide written comments and/or oral testimony at a public hearing that took place on March 17-18, 2004, to assist USTR in amplifying and clarifying negotiating objectives for the proposed FTA and to provide advice on how specific goods and services and other matters should be treated under the proposed agreement.

As a destination for U.S. exports, the Andeans collectively represented a market of about \$7 billion in 2003. The stock of U.S. foreign direct investment in the Andean countries was \$4.5 billion in 2003. The combination of the size of the market and the current barriers to market access point to significant unrealized potential for U.S. exporters and investors. Market access gains are expected in a broad range of agricultural and industrial sectors, as well as in services. The United States recognizes that economic development in the Andean region provides economic alternatives to the illegal drug trade, promotes socio-economic development and strengthens democratic institutions in the region.

2. Environmental Review

USTR, through the TPSC, will perform an environmental review of the agreement pursuant to the authority delegated by the President in Executive Orders 13277 (67 FR 70305) and 13141 (64 FR 63169) and its implementing guidelines (65 FR 79442).

Environmental reviews are used to identify potentially significant, reasonably foreseeable environmental impacts (both positive and negative), and information from the review can help facilitate consideration of appropriate responses where impacts are identified. Reviews address potential environmental impacts of the proposed agreement and potential implications for environmental laws and regulations. The focus of the review is on impacts in the United States, although global and transboundary impacts may be considered, where appropriate and prudent.

3. Requirements for Submissions

In order to facilitate prompt processing of submissions, USTR strongly urges and prefers electronic (e-mail) submissions in response to this notice.

Persons making submissions by e-mail should use the following subject line: "United States—Andean FTA Environmental Review" followed by "Written Comments." Documents should be submitted as either WordPerfect, MSWord, or text (.TXT) files. Supporting documentation submitted as spreadsheets are acceptable as Quattro Pro or Excel. For any document containing business confidential information submitted electronically, the file name of the business confidential version should begin with the characters "BC-", and the file name of the public version should begin with the characters "P-". The "P-" or "BC-" should be followed by the name of the submitter. Persons who make submissions by e-mail should not provide separate cover letters; information that might appear in a cover letter should be included in the submission itself. To the extent possible, any attachments to the submission should be included in the same file as the submission itself, and not as separate files.

Written comments submitted in response to this request will be placed in a file open to public inspection pursuant to 15 CFR 2003.5, except business confidential information exempt from public inspection in accordance with 15 CFR 2003.6. Business confidential information submitted in accordance with 15 CFR 2003.6 must be clearly marked "BUSINESS CONFIDENTIAL" at the top of each page, including any cover letter or cover page, and must be accompanied by a nonconfidential summary of the confidential information. All public documents and nonconfidential summaries shall be available for public inspection in the USTR Reading Room.

The USTR Reading Room is open to the public, by appointment only, from 10 a.m. to 12 noon and 1 p.m. to 4 p.m., Monday through Friday. An appointment to review the file must be scheduled at least 48 hours in advance and may be made by calling (202) 395-6186.

USTR also welcomes and will take into account the public comments on Andean FTA environmental issues submitted in response to a previous notice—the **Federal Register** notice dated February 17, 2004 (69 FR 7532)—requesting comments from the public to assist USTR in formulating positions and proposals with respect to all aspects of the negotiations, including environmental issues. These comments will also be made available for public inspection.
