Foreign-Trade Zones Board

[Docket 14-2004]

Proposed Foreign-Trade Zone— Auburn, Maine; Application and Public Hearing

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Lewiston-Auburn Economic Growth Council (a Maine not-for-profit corporation), to establish a general-purpose foreign-trade zone in Auburn (Androscoggin County), Maine, within the Portland Customs port of entry. The FTZ application was submitted pursuant to the provisions of the FTZ Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on April 5, 2004. The applicant is authorized to make the proposal under Maine Revised Code 13062(D).

The proposed zone consists of 760 acres located principally at the Auburn/Lewiston Municipal Airport/Industrial Park complex, on Lewiston Junction Road in Auburn. In addition to the

airport, the complex includes the Auburn Intermodal facility, as well as land planned for industrial park development. An additional site is located at 123 Rodman Road. The complex is owned by public and private companies, and the City of Auburn is in the process of acquiring the land needed to promote industrial development. The Rodman Road site is a privately-owned site.

The application indicates a need for zone services in the Lewiston-Auburn region. Several firms have indicated an interest in using zone procedures for warehousing/distribution activities. Specific manufacturing approvals are not being sought at this time. Requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

As part of the investigation, the Commerce examiner will hold a public hearing on May 11, 2004, at 1 p.m., Auburn City Hall, Council Chambers, 45 Spring Street, Auburn, ME 04210.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions via Express/Package Delivery Services: Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099-14th Street NW., Washington, DC 20005; or

2. Submissions via the U.S. Postal Service: Foreign-Trade Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Avenue NW., Washington, DC 20230.

The closing period for their receipt is June 14, 2004. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to June 28, 2004).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the first address listed above, and at the Lewiston-Auburn Economic Growth Council, 95 Park Street, Suite 411, Lewiston, Me 04243.

Dated: April 5, 2004.

Dennis Puccinelli,

Executive Secretary.

Certain Hot-Rolled Carbon Steel Flat Products From Thailand: Final Results and Partial Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") has conducted an administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from Thailand produced and/or exported by Sahaviriya Steel Industries Public Company Limited ("SSI"), Nakornthai Strip Mill Public Co., Ltd. ("Nakornthai"), and Siam Strip Mill Public Co., Ltd. ("Siam Strip"). The period of review ("POR") is May 3, 2001, through October 31, 2002. Based on our analysis of comments received, these final results remain unchanged from the Preliminary Results. The final results are listed below in the "Final Results of Review" section.

EFFECTIVE DATE: April 13, 2004.

FOR FURTHER INFORMATION CONTACT: Helen Kramer at (202) 482-0405 or Ann Barnett-Dahl at (202) 482-3833, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2003, the Department published the preliminary results and partial rescission of its administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from Thailand. *See Certain Hot-Rolled Steel from Thailand: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 68 FR 68336 (December 8, 2003) ("Preliminary Results").

We invited parties to comment on the Preliminary Results. On January 8, 2003, we received case briefs from SSI and Nucor Corporation ("the Petitioner"). On January 12, 2003, we received rebuttal briefs from SSI and the Petitioner. A hearing was not requested.

Partial Rescission

In our preliminary results, we announced our preliminary decision to rescind the review with respect to Nakornthai and Siam Strip because these companies had no entries of hot-rolled steel from Thailand during the POR. *See Preliminary Results*. We have received no new information contradicting the decision. Therefore, we are rescinding the administrative review with respect to Nakornthai and Siam Strip.

Scope of the Antidumping Duty Order

The products covered by this antidumping duty order are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4.0 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this order.

Specifically included within the scope of this order are vacuum degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. IF steels are recognized as low carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as
