

On April 7, 2004, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Styrka should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214).

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is May 7, 2004.

Absent a request to be heard in opposition by the deadline above, Styrka is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Styrka, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Styrka's issuances of securities or assumptions of liability.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

[Docket No. CP04-99-000]

#### Texas Gas Transmission, LLC; Notice of Request Under Blanket Authorization

April 8, 2004.

Take notice that on April 1, 2004, Texas Gas Transmission, LLC (Texas Gas), P.O. Box 20008, Owensboro, Kentucky 42304, filed in Docket No. CP04-99-000 a request pursuant to Sections 157.205 and 157.208(b) of the Commission's regulations under the Natural Gas Act (18 CFR 157.205 and 157.216) for authorization to replace the existing turbine at the Jeffersontown Compressor Station of Texas Gas in Jefferson County, Kentucky, under the authorization issued in Docket No. CP82-479-000 pursuant to section 7 of the Natural Gas Act, all as more fully described in the request.

Copies of this request are on file with the Commission and are available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Texas Gas asserts that the proposed replacement is necessary in order to reduce nitrogen oxide emissions at the Texas Gas Jeffersontown Compressor Station in Jefferson County, Kentucky. Texas Gas states that the existing turbine/compressor package (T-1 unit) is rated at 12,090 NEMA horsepower. Texas Gas states further that the T-1 unit will be replaced with a new Solar Mars Model 100-T15000S gas turbine packaged with a Solar C652 two-stage gas compressor (T-2 unit). The T-2 unit, it is said, is rated at 13,330 NEMA horsepower. Texas Gas points out that the replacement would result in a net increase in the installed horsepower at the Jeffersontown of 1,240 HP. Texas Gas concludes that the additional horsepower at Jeffersontown would not increase the overall capacity of the pipeline system, as no additional gas can flow through the upstream constraints at Greenville, nor continue to flow through Jeffersontown through the downstream constraints through Dillsboro.

Texas Gas maintains that the estimated cost to install the replacement

unit would be \$13.5 million and would be financed from funds generated internally.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to rule 214 of the Commission's procedural rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.
