ADDRESSES: Comments may be mailed to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave., NW., Room 210—SIB, Washington, DC. 20240. Comments may also be submitted electronically to *jtreleas@osmre.gov*.

FOR FURTHER INFORMATION CONTACT: To request a copy of the information collection request, explanatory information and related form, contact John A. Trelease, at (202) 208–2783.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d)).

This notice identifies information collections at 30 CFR 816.116 and 817.116 that OSM will be submitting to OMB.

OSM previously received approval for collection activities for 30 CFR part 816 and part 817. They were assigned clearance number 1029–0047. However, OSM inadvertently failed to include in the clearance request existing collection requirements for §§ 816.116 and 817.116. These sections require State regulatory authorities to develop statistically valid sampling techniques, and for operators to document revegetation information during Phase 3 bond release. OSM requested and received an emergency clearance from OMB for the collection activities in §§ 816.116 and 817.116. They were assigned clearance number 1029–0124. Now, OSM is seeking a 3-year term of approval for these collections.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection request to OMB.

This notice provides the public with 60 days in which to comment on the following information collection activity:
