INTERNATIONAL TRADE COMMISSION

[Investigation No. AA–1921–186 (Review)]

Prestressed Concrete Steel Wire Strand From Japan

AGENCY: International Trade Commission.

ACTION: Scheduling of an expedited five-year review concerning the antidumping finding on prestressed concrete steel wire strand from Japan.

SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1677(c)(3)) (the Act) to determine whether revocation of the antidumping finding on prestressed concrete steel wire strand from Japan would likely lead to continuation or recurrence of material injury within a reasonably foreseeable time. For further information concerning the conduct of this review and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

SUPPLEMENTARY INFORMATION:

Background.—On April 6, 2004, the Commission determined that the domestic interested party group response to its notice of institution (69 FR 101, January 2, 2004) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review. Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.

Staff report—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on May 10, 2004, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission’s rules.

Written submissions.—As provided in section 207.62(d) of the Commission’s rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution, and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before May 13, 2004, and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by May 13, 2004. However, should the Department of Commerce extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce’s final results is three business days after the issuance of Commerce’s results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by § 201.8 of the Commission’s rules, as amended, 67 FR 68036 (November 8, 2002). In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

By order of the Commission.

Marilyn R. Abbott,
Secretary to the Commission.

The Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires a 40-day period in which to conclude its review of any proposal to revise existing routine uses or add new routine use disclosures or make other major modifications.
