Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Participant Feedback on Training Under the Cooperative Agreement for Mental Health Care Provider Education in HIV/AIDS Program IV

(OMB No. 0930-0195; Extension, no change)—The Substance Abuse and Mental Health Services

Administration's (SAMHSA) Center for Mental Health Services (CMHS) intends to continue to conduct a multi-site assessment for the Mental Health Care Provider Education in HIV/AIDS Program IV. The education programs funded under this cooperative agreement are designed to disseminate knowledge of the psychological and neuropsychiatric sequelae of HIV/AIDS to both traditional (*e.g.*, psychiatrists, psychologists, nurses, primary care physicians, medical students, and social workers) and non-traditional (*e.g.*, clergy, and alternative health care workers) first-line providers of mental health services, in particular to providers in minority communities.

The multi-site assessment is designed to assess the effectiveness of particular training curricula, document the integrity of training delivery formats, and assess the effectiveness of the various training delivery formats. Analyses will assist CMHS in documenting the numbers and types of traditional and non-traditional mental health providers accessing training; the content, nature and types of training participants receive; and the extent to which trainees experience knowledge, skill and attitude gains/changes as a result of training attendance. The multi-site data collection design uses a two-tiered data collection and analytic strategy to collect information on (1) the organization and delivery of training, and (2) the impact of training on participants' knowledge, skills and abilities.

Information about the organization and delivery of training will be collected from trainers and staff who are funded by these cooperative agreements/contracts, hence there is no respondent burden. All training participants will be asked to complete a brief feedback form at the end of the training session. CMHS anticipates funding 10 education sites for the Mental Health Care Provider Education in HIV/AIDS Program. The annual burden estimates for this activity are shown below:

Form	Responses per respondent	Estimated number of respondents (× 10 sites)	Hours per response	Total hours
All Sessions				
Session Report Form	1	60 × 10 = 600	0.080	48
Training Sessions				
General Participant Feedback Form	1	500 × 10 = 5000	0.167	835
Neuropsychiatric Participant Feedback Form	1	160 × 10 = 1600	0.167	267
Non Physician Neuropsychiatric Participant Feedback Form	1	240 × 10 = 2400	0.167	401
Adherence Participant Feedback Form	1	100 × 10 = 1000	0.167	167
Ethics Participant Feedback Form	1	200 × 10 = 2000	0.167	125
Monthly Form Submission				
Monthly Form Mailing	12 per site ...	12 × 10 = 120	0.167	20
Total	7,504	1,733
