The request to release property may be reviewed in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA invites public comment on the request to release property owned by the Cities of Winfield and Arkansas City, Winfield, Kansas, under the provisions of AIR21.

On April 8, 2004, the FAA determined that the request to release property owned by the Cities of Winfield and Arkansas City, Winfield, Kansas, submitted by the Strother Field Commission met the procedural requirements of the Federal Aviation Regulations, part 155.

The FAA will approve or disapprove the request, in whole or in part, no later than June 30, 2004.

The following is a brief overview of the request.

The Strother Field Commission requests the release of approximately 400 acres of airport property on the East

Auxiliary Site, which was acquired through the Surplus Property Act of 1944. This land is located approximately 5 miles from the airport and was used by the Army during World War II as an auxiliary landing site. Current use of the property is a farming operation. Because of the location of the land, the property is not involved in the current operation of the airport. The release of the property will allow for the sale of the land to generate revenue for use at the Strother Field Airport/Industrial Park. Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT.**

In addition, any person may inspect the request, notice and other documents germane to the request in person at the Strother Field Airport/Industrial Park.

Issued in Kansas City, Missouri, on April 8, 2004.
