You may use EDOCKET at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket.

B. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the

subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Go directly to EDOCKET at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EDOCKET." Once in the system, select "search," and then key in Docket ID No. ORD-2004-0006. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by electronic mail (e-mail) to ORD.Docket@epa.gov, Attention Docket ID No. ORD-2004-0006. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that

you mail to the mailing address identified in Unit I.B.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send your comments to: U.S. Environmental Protection Agency, ORD Docket, EPA Docket Center (EPA/DC), Mailcode: 28221T, 1200 Pennsylvania Ave., NW., Washington, DC, 20460, Attention Docket ID No. ORD-2004-0006.

Draft Federal Guidance on the Use of Off-Site and Out-of-Kind Compensatory Mitigation Under Section 404 of the Clean Water Act

AGENCY: Environmental Protection Agency (EPA); National Oceanic and Atmospheric Administration (NOAA), Commerce; U.S. Army Corps of Engineers (USACE), Defense; U.S. Fish and Wildlife Service (USFWS), Interior; Natural Resources Conservation Service (NRCS), Agriculture; Department of Transportation.

ACTION: Notice of availability to review and comment.

SUMMARY: In accordance with the National Mitigation Action Plan signed in December of 2002 by the Environmental Protection Agency, Department of Commerce, Department of Defense, Department of the Interior, Department of Agriculture, and Department of Transportation, the Federal Interagency Mitigation Workgroup (FIMW) has prepared Draft Federal Guidance on the Use of Off-Site and Out-of-Kind Compensatory Mitigation Under Section 404 of the Clean Water Act (Site/Kind Guidance). The Site/Kind Guidance provides direction for the application of existing regulations and policies to decisions

about the appropriate use of off-site and out-of-kind compensatory mitigation within the context of the Clean Water Act Section 404 permitting program.

DATES: In order to be considered, comments must be postmarked or e-mailed on or before May 24, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or by hand delivery/courier. E-mail comments to sitekind.guidance@noaa.gov. Please put "Site/Kind Comments" in the Subject Line and include your comments as an attachment to the e-mail in either Word or Wordperfect format. Mail or hand deliver/courier comments to: Susan-Marie Stedman, F/HC Room 14102, NOAA Fisheries, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT:

Mitigation Action Plan Web site at <http://www.mitigationactionplan.gov> or contact either Palmer Hough, U.S. Environmental Protection Agency, Wetlands Division (4502T), 1200 Pennsylvania Avenue, NW., Washington, DC 20460, phone: (202) 566-1374, e-mail: Hough.Palmer@epa.gov, Alan Miller, U.S. Army Corps of Engineers, 441 G Street, NW., Washington, DC 20314-1000, phone: (202) 761-7763, e-mail: Alan.J.Miller@hq02.usace.army.mil, or Susan-Marie Stedman, National Oceanic and Atmospheric Administration, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910, phone: (301) 713-2325, e-mail: susan.stedman@noaa.gov.

SUPPLEMENTARY INFORMATION: Reports published in 2001 by the National Academy of Sciences (NAS) and the General Accounting Office (GAO) provided a critical evaluation of the effectiveness of wetlands compensatory mitigation for authorized losses of wetlands and other waters under Section 404 of the CWA. Section 404 regulates discharges of dredged and fill materials into waters of the United States and requires compensatory mitigation for unavoidable impacts. The independent analyses and other commentaries highlighted a number of shortfalls and identified a variety of technical, programmatic, and policy recommendations for the Federal agencies, States, and other involved parties.

An interagency team drafted the National Mitigation Action Plan endorsing the goal of no net loss of wetlands and outlining specific action items that address the concerns of the NAS, GAO, and other independent evaluations. The 17 actions, with

various agency leads, address areas of concern, including collection and availability of data, clarifying performance standards, improving accountability, and integrating mitigation into the watershed approach. Development of Site/Kind Guidance is one of these action items. A preliminary draft of the Site/Kind Guidance was reviewed by participants at a July 2003 stakeholder forum held in Portland, Oregon, that brought together a diverse group of individuals representing the regulated community, environmental organizations, academia, non-governmental organizations, and mitigation providers. The preliminary draft has been revised based on comments received at that stakeholder forum. The FIMW is seeking additional public review before finalizing the guidance. Please note that comments, including names and street addresses of respondents, are available for public review in a docket.

Copies of the Draft Site/Kind Guidance are available at the Mitigation Action Plan Web site at <http://www.mitigationactionplan.gov> (click on "Status of Action Items" and locate and click on "On-site/Off-site and In-kind/Out-of-kind Draft Guidance" in the summary table). A printed copy of the draft guidance can be obtained by contacting: Susan-Marie Stedman, F/HC Room 14102, NOAA Fisheries, 1315 East-West Highway, Silver Spring MD 20910.
