## DEPARTMENT OF JUSTICE

### Drug Enforcement Administration

[Docket No. 03-20]

#### William E. "Bill" Smith d/b/a B & B Wholesale; Denial of Application

On March 31, 2003, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to B & B Wholesale (Respondent), proposing to deny its application executed on May 21, 2002, for DEA Certificate of Registration as a distributor of list I chemicals. The Order to Show Cause alleged that granting the application of the Respondent would be inconsistent with the public interest as that term is used in 21 U.S.C. 823(h) and 824(a).

The Order to Show Cause was delivered to the Respondent by certified

mail, and the Respondent timely requested a hearing under the business name "William "B" Smith d/b/a B & B Wholesale." On April 25, 2003, the presiding Administrative Law Judge Mary Ellen Bittner (Judge Bittner) issued an Order for Prehearing Statements, directing the Respondent to file a prehearing statement no later than June 9, 2003. However, the Respondent did not file a prehearing statement as directed. In her June 26, 2002, Order Terminating Proceedings, Judge Bittner deemed the Respondent as having waived its right to a hearing in the matter. Following the termination of proceedings, Judge Bittner transmitted the matter to the Deputy Administrator for issuance of a final order.

In light of the above, the Acting Deputy Administrator similarly finds that the Respondent has waived its hearing right. *Aqui Enterprises*, 67 FR 12576 (2002). After considering relevant material from the investigative file in this matter, the Acting Deputy Administrator now enters her final order without a hearing pursuant to 21 CFR 1309.53(c) and (d) and 1316.67 (2003).

List I chemicals are those that may be used in the manufacture of a controlled substance in violation of the Controlled Substances Act. 21 U.S.C. 802(34); 21 CFR 1310.02(a). Pseudoephedrine and ephedrine are list I chemicals commonly used to illegally manufacture methamphetamine, a Schedule II controlled substance. Phenylpropanolamine, also a list I chemical, is presently a legitimately manufactured and distributed product used to provide relief of the symptoms resulting from irritation of the sinus, nasal and upper respiratory tract tissues, and is also used for weight control. Phenylpropanolamine is also a precursor chemical used in the illicit manufacture of methamphetamine and amphetamine. Methamphetamine is an extremely potent central nervous system stimulant, and its abuse is an ongoing public health concern in the United States.

The Acting Deputy Administrator's review of the investigative file reveals that DEA received an application dated May 21, 2002, from the Respondent located in Huntingdon, Tennessee. The application was submitted on behalf of the Respondent by its owner, Bill Smith (Mr. Smith). The Respondent seeks DEA registration as a distributor of the list I chemicals ephedrine, pseudoephedrine, and phenylpropanolamine. There is no evidence in the investigative file that the Respondent has sought to modify its pending registration application in any respect.

On August 1, 2002, a DEA Diversion Investigator conducted a pre-registration inspection of the Respondent's premises, where he met with Mr. Smith. During the inspection, the Diversion Investigator advised Mr. Smith of regulatory requirements and problems surrounding the diversion of list I chemicals. The Diversion Investigator also reviewed security, recordkeeping and distribution procedures with Mr. Smith and provided him with appropriate materials regarding DEA requirements for handlers of listed chemicals.

Mr. Smith stated that he is sole owner and the only employee of his company. DEA's investigation revealed that the Respondent is a distributor of general merchandise, and distributes a variety of items including gloves, lighters, novelty items, sundry items and a variety of other merchandise. The company is located in a predominantly residential area at Mr. Smith's residence, and sells various items that would be carried in a convenience store.

Mr. Smith further disclosed that he previously owned Bill's Bait and Tackle in Huntingdon, Tennessee, a business he owned and operated for approximately twenty-five years. According to Mr. Smith, Bill's Bait and Tackle sold a variety of fishing and tackle items and also sold list I chemical products. Following the dissolution of that business, Mr. Smith started B&B Wholesale in May 2002. The DEA investigative file reveals that an application for an unspecified DEA registration was filed on behalf of Bill's Bait and Tackle by Bill Smith, however, that application was withdrawn in January 1999.

Mr. Smith further stated that approximately five to ten percent of his business would be devoted to the sale of list I chemical products. Among the list I products that Mr. Smith planned for distribution were brand names such as Mini Thins, Max Brand, Tylenol Cold and Sinus, Tylenol Allergy and Sinus, Vicks NyQuil Liquitabs, Alka Seltzer Plus, Cold, Actifed, Sudafed and Advil Cold and Sinus. Mr. Smith added that he would limit the amount of Mini Thin and Max Alert products specifically in stock to 288 bottles.

When asked about potential suppliers of listed chemicals to his company, Mr. Smith informed DEA personnel that he planned to purchase these products from a company located in East, Lexington, Tennessee. In an unrelated investigation of that company, DEA found that the company supplied its listed chemical products primarily to convenience stores and gas stations. That investigation further revealed that
