**Proposed Collection; Comment Request**

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested

data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning the proposed collection: Operator Controversion (CM-970), Operator Response (CM-970A), Operator Response to Schedule for Submission of Additional Evidence (CM-2970) and Operator Response to Notice of Claim (CM-2970A). A copy of the proposed information collection request can be obtained by contacting the office listed below in the **ADDRESSES** section of this Notice.

**SUPPLEMENTARY INFORMATION:**

*I. Background:* The Division of Coal Mine Workers' Compensation administers the Black Lung Benefits Act (30 U.S.C. 901 *et. seq.*) which provides benefits to coal miners totally disabled due to pneumoniosis, and their surviving dependents. When the Division of Coal Mine Workers' Compensation (DCMWC) makes an initial finding that an applicant is eligible for benefits, and, if a coal mine operator has been identified as potentially liable for payment of those benefits, the responsible operator is notified of the initial finding. The CM-970 gives the operator an opportunity to controvert the liability. The CM-970 is used for all claims filed before January 19, 2001. Regulations require that a coal mine operator be identified and notified of potential liability as early in the adjudication process as possible. The CM-970A is sent to the operator with the Notice of Claim notifying the operator of potential liability of payment for benefits. The CM-970A gives the operator an opportunity to agree or disagree with the identification. The CM-970A is used for all claims

filed before January 19, 2001. The CM-2970 and CM-2970A serve the same purposes as the CM-970 and CM-970A these forms will be used for all claims filed after January 19, 2001. Regulatory authority is found in 20 CFR 725.412 for the CM-970, 20 CFR 725.413 for the CM-970A, 20 CFR 725.410 for the CM-2970 and 20 CFR 725.408 for the CM-2970A. This information collection is currently approved for use through September 30, 2004.

*II. Review Focus:* The Department of Labor is particularly interested in comments which:
