

that it is not practicable to complete the review within the foregoing time period.

This review involves complex factual and legal issues regarding sales of a new type of cement and the reporting of downstream sales, and the Department needs additional time to consider these issues. For these reasons, the Department has determined that it is not practicable to complete the preliminary results within the time limit mandated by section 751(a)(3)(A) of the Act. Therefore, in accordance with that section, the Department is extending the time limit for completion of the preliminary results by 43 days. The preliminary results of review are now due no later than June 14, 2004. The Department intends to issue the final results of review 120 days after the publication of the preliminary results. This extension of the time limit is in accordance with section 751(a)(3)(A) of the Act.

Dated: April 20, 2004.
