[60Day-04-47]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 498-1210.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance

of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-E11, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project

Foreign Quarantine Regulations, OMB No. 0920-0134—Extension—National Center for Infectious Diseases (NCID), Centers for Disease Control and Prevention (CDC).

Background

Section 361 of the Public Health Service (PHS) Act (42 U.S.C. 264) authorizes the Secretary of Health and Human Services (DHHS) to make and enforce regulations necessary to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the United States. Legislation and the existing regulations

governing quarantine activities (42 CFR part 71) authorize quarantine officers and other personnel to inspect and undertake necessary control measures with respect to conveyances, persons, and shipments of animals and etiologic agents in order to protect the public health. DHHS delegates authority to CDC to conduct quarantine control measures. Currently, with the exception of rodent inspections and the cruise ship sanitation program, inspections are performed only on those vessels and aircraft which report illness prior to arrival or when illness is discovered upon arrival. Other inspection agencies assist quarantine officers in public health screening of persons, pets, and other importations of public health significance and make referrals to PHS when indicated. These practices and procedures assure protection against the introduction and spread of communicable diseases into the United States with a minimum of recordkeeping and reporting as well as a minimum of interference with trade and travel.

Respondents would include airplane pilots, ships' captains, importers, and travelers. The nature of the quarantine response would dictate which forms are completed by whom. Thus, the respondents' portion of the information below is replaced by the requisite form title. There is no cost to respondents.

Respondents	Number of respondents	Number of responses/respondent	Avg. burden per respondent (in hrs.)	Total burden hours
Radio reporting of death/illness:				
Aircraft	1	130	2/60	4
Cruise ships	90	23	1/60	34
Other ships	22	1	1/60	0.40
Report by persons held in isolation/surveillance	11	1	30/60	5.50
Report of death or illness on carrier during stay in port	5	1	3/60	0.25
Requirements for admission of dogs and cats:				
(1)	5	1	3/60	0.25
(2)	2,650	1	15/60	662.50
Application for permits to import turtles	10	1	30/60	5
Requirements for registered importers of nonhuman primates:				
(1)	40	1	10/60	6.70
(2)	50	1	30/60	25
Total				744

Dated: April 23, 2004.

Bill J. Atkinson,

Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

Disease, Disability, and Injury Prevention and Control Special Emphasis Panel: Agriculture Center Program, Program Announcement Number 04038

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following meeting:

Name: Disease, Disability, and Injury Prevention and Control Special Emphasis Panel (SEP): Agriculture Center Program, Program Announcement Number 04038.

Times and Dates: 8 a.m.–8:30 a.m., June 9, 2004 (Open).

8:30 a.m.–5 p.m., June 9, 2004 (Closed).

9 a.m.–5 p.m., June 10, 2004 (Closed).

Place: Embassy Suites Hotel, 1900 Diagonal Road, Alexandria, VA 23114; telephone (703) 684-5900.

Status: Portions of the meeting will be closed to the public in accordance with provisions set forth in section 552b(c)(4) and (6), Title 5 U.S.C., and the Determination of the Director, Management Analysis and Services Office, CDC, pursuant to Public Law 92-463.

Matters To Be Discussed: The meeting will include the review, discussion, and evaluation of applications received in response to Program Announcement Number 04038.

For Further Information Contact: S. Price Connor, Ph.D., Research Grants Program Officer, Office of Extramural Programs, National Institute for Occupational Safety and Health, CDC, 1600 Clifton Road, NE., MS-E20, Atlanta, GA 30333, Telephone 404-498-2511.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: April 27, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

National Institute for Occupational Safety and Health, Advisory Board on Radiation and Worker Health

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following committee meeting:

Name: Advisory Board on Radiation and Worker Health (ABRWH), National Institute for Occupational Safety and Health (NIOSH).

Time and Date: 9 a.m.–3 p.m., May 17, 2004.

Place: The Cincinnati Airport Marriott, 2395 Progress Drive, Hebron, Kentucky 41048, telephone 859/586-0166, fax 859/586-0266.

Status: Closed 9 a.m.–3 p.m., May 17, 2004.

Background: The Advisory Board on Radiation and Worker Health ("the Board") was established under the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) of 2000 to advise the President, through the Secretary, Department of Health and Human Services (HHS), on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Board include providing advice on the development of probability of causation guidelines which have been promulgated by HHS as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, evaluation of the scientific validity and quality of dose reconstructions conducted by the National Institute for Occupational Safety and Health (NIOSH) for qualified cancer claimants, and advice on the addition of classes of workers to the Special Exposure Cohort. In December 2000 the President delegated responsibility for funding, staffing, and operating the Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC.

Purpose: This board is charged with (a) providing advice to the Secretary, HHS on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS on the scientific validity and quality of dose reconstruction efforts performed for this Program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters To Be Discussed: The meeting will involve a review and discussion of the Independent Government Cost Estimate (IGCE) for task order contracts and proposals
