AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve the State Implementation Plan (SIP) revision submitted by the State of West Virginia. This revision contains enforceable emission limitations for the Weirton Steel Corporation, and the Wheeling-Pittsburgh Steel Corporation in Hancock County, West Virginia, and provides for, and demonstrates, the attainment of the national ambient air

quality standards (NAAQS) for sulfur oxides, measured as sulfur dioxide (SO₂) in the City of Weirton, including the Clay and Butler Magisterial Districts, Hancock County nonattainment area. EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A copy of the TSD is available, upon request, from the EPA Regional Office listed in the ADDRESSES section of this document. If no adverse comments are received in response to this action, no further activity is contemplated.
