

Thus, the modified testing procedure of FSIS is implementing would be utilized for only a very small number of meat

carcasses. In turn, only very small amount of meat carcasses would be

expected to be condemned as a result of any findings of violative drug residues.

This fact is supported by two results of FSIS' drug residue testing in prior years. In these prior years, 2000–2002, as is the case each year, FSIS only tests for residues of certain animal drugs based on risk analysis and past experiences. In the years 2000–2001, FSIS conducted residue testing for only two of the seven drugs, melengesterol acetate and carbadox, for which FSIS is implementing a modified testing approach. In 2002, FSIS only tested for melengesterol acetate. All of FSIS' test results (29) for this drug in 2002 indicated that there were no violative residue levels for the drug. In the previous two years (2000 and 2001), only 19 of 925 tests for melengesterol acetate resulted in a finding of violative drug residues. During that same time period, 2000–2001, FSIS also conducted tests for carbadox. Only one of the 322 carbadox tests conducted resulted in a finding of a violative drug residue. Thus, between 2000 and 2002, only 20 of the 1,276 tests conducted for drug residues resulted in a finding of violative animal drug residues. Therefore, only 2 percent of the meat carcasses prepared at establishments during the years 2000 through 2002 would have been condemned under FSIS' modified procedures, as a result of a finding of a violative level of animal drug residue. Therefore, FSIS believes no significant economic impact upon small entities or any other entities can be expected to be generated by the issuance of this notice.

**Additional Public Notification**

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to better ensure that the public, and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it on-

line through the FSIS Web page located at <http://www.fsis.usda.gov>.

The Regulations.gov Web site is the central online rulemaking portal of the United States government. It is being offered as a public service to increase participation in the Federal government's regulatory activities. FSIS participates in Regulations.gov and will accept comments on documents published on the site. The site allows visitors to search by keyword or Department or Agency for rulemakings that allow for public comment. Each entry provides a quick link to a comment form so that visitors can type in their comments and submit them to FSIS. The Web site is located at <http://www.regulations.gov>.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS web page. Through Listserv and the web page, FSIS is able to provide information to a much broader, more diverse audience.

For more information contact the Congressional and Public Affairs Office, at (202) 720–9113. To be added to the free e-mail subscription service (Listserv) go to the "Constituent Update" page on the FSIS Web site at <http://www.fsis.usda.gov/oa/update/update.htm>. Click on the "Subscribe to

the Constituent Update Listserv" link, then fill out and submit the form.

**Notice of Availability (NOA) Record of Decision (ROD) To Remove or Modify the Survey and Manage Mitigation Measure Standards and Guidelines**

**AGENCIES:** Forest Service, USDA; Bureau of Land Management, USDI.

**ACTION:** Notice of availability of record of decision.

**SUMMARY:** In accordance with the National Environmental Policy Act, the Federal Land Policy and Management Act, and the National Forest Management Act, the USDI Bureau of Land Management and the USDA Forest Service announce the decision to amend selected portions of the 1994 Record of Decision for the Northwest Forest Plan by removing the Survey and Manage Mitigation Measure Standards and Guidelines. Survey and Manage provided conservation measures for rare and little known species associated with late successional, old growth forests. These Standards and Guidelines were frustrating the Agencies' ability to meet the other resource management goals of the Northwest Forest Plan (timber harvest, hazardous fuels treatment, forest restoration). Although the Survey

and Manage Standards and Guidelines will be removed with this decision, conservation of rare and little known species will continue to be accomplished through the other elements of the Northwest Forest Plan and the Agencies' Special Status Species Policies. This ROD also complies with the Settlement Agreement between the Secretaries of Agriculture and Interior and Douglas Timber Operators and American Forest Resource Council.

**ADDRESSES:** To request copies of the document, contact: Survey and Manage ROD, 333 SW., First Avenue, P.O. Box 2965, Portland, Oregon 97208; fax: (503) 326-2396 (please address fax to: "Survey and Manage ROD"). The ROD may also be accessed on line at <http://www.or.blm.gov/nwfpnepa>.

**FOR FURTHER INFORMATION CONTACT:** Jerry Hubbard, Survey & Manage ROD Team Logistics Coordinator; telephone (503) 326-2355; or e-mail: [oregon\\_smnepa\\_mail@or.blm.gov](mailto:oregon_smnepa_mail@or.blm.gov).

**SUPPLEMENTARY INFORMATION:** A limited number of individual copies of the Draft or Final SEIS may also be obtained by contacting Jerry Hubbard. Copies are also available for inspection at public libraries and Forest Service or BLM offices in western Washington, western Oregon, and northwestern California.

Three alternatives, including no action, were considered in detail in the Final Supplemental Environmental Impact Statement (SEIS). The decision in the ROD selects Alternative 2, which would remove the Survey and Manage Mitigation Measure. The additional mitigation that was identified in the Final SEIS for Alternative 2 is not selected. This decision amends the management direction in all 28 Forest Service land and resource management plans and BLM resource management plans in the Northwest Forest Plan area as well as for the Coquille Forest (managed by the Coquille Tribe).

Readers should note that the Under Secretary of Agriculture for Natural Resources and the Environment and the Assistant Secretary of the Interior for Land and Minerals Management are the responsible officials for this proposed action. Therefore, no administrative review ("appeal") through the Forest Service will be available on the Record of Decision under 36 CFR part 217 and no administrative review ("protest") through the BLM was available on the Proposed Decision under 43 CFR 1610.5-2.

Dated: April 6, 2004.

## COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

### Procurement List Proposed Additions

**AGENCY:** Committee for Purchase from People Who Are Blind or Severely Disabled.

**ACTION:** Proposed Additions to Procurement List.

**SUMMARY:** The Committee is proposing to add to the Procurement List services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

*Comments Must be Received on or Before:* June 6, 2004.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia, 22202-3259.

**FOR FURTHER INFORMATION CONTACT:** Sheryl D. Kennerly, (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to 41 U.S.C 47(a) (2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the proposed actions.

### Additions

If the Committee approves the proposed additions, the entities of the Federal Government identified in the notice for each service will be required to procure the services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

#### *Regulatory Flexibility Act Certification*

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. If approved, the action will result in authorizing small entities to furnish the services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List. Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

#### *End of Certification*

The following services are proposed for addition to Procurement List for production by the nonprofit agencies listed:

#### **Services**

*Service Type/Location:* Administrative Service, Directorate of Contracting, Fort Carson, Colorado.

*NPA:* Bayaud Industries, Inc., Denver, Colorado.

*Contract Activity:* Directorate of Contracting, Army-Carson, Fort Carson, Colorado.
