Three alternatives, including no action, were considered in detail in the Final Supplemental Environmental Impact Statement (SEIS). The decision in the ROD selects Alternative 2, which would remove the Survey and Manage Mitigation Measure. The additional mitigation that was identified in the Final SEIS for Alternative 2 is not selected. This decision amends the management direction in all 28 Forest Service land and resource management plans and BLM resource management plans in the Northwest Forest Plan area as well as for the Coquille Forest (managed by the Coquille Tribe).

Readers should note that the Under Secretary of Agriculture for Natural Resources and the Environment and the Assistant Secretary of the Interior for Land and Minerals Management are the responsible officials for this proposed action. Therefore, no administrative review ("appeal") through the Forest Service will be available on the Record of Decision under 36 CFR part 217 and no administrative review ("protest") through the BLM was available on the Proposed Decision under 43 CFR 1610.5-2.
