

schedule appropriate appointments with each mission participant. There will be a mission briefing for participants on local market conditions and selling opportunities.

We anticipate that the mission cost will be approximately \$2,900 per company, excluding travel, hotel accommodation, ground transportation and meals.

#### Timetable

The Mission is scheduled to occur May 23–24, 2004.

Participants are scheduled to arrive in Amman, Jordan on May 22, 2004. On Sunday, May 23, 2004, following set-up and a briefing, appointments will be scheduled from 9 a.m.–6 p.m. On Sunday evening, May 22, 2004, a reception is tentatively scheduled from 7–9 p.m. at the mission site. On Monday, May 24, 2004, appointments will be scheduled from 9–6 p.m. On Monday, May 24, 2004, following the last appointment the Mission will conclude.

Members will depart individually from the mission on Thursday, May 25, 2004.

Recruitment will begin immediately and will conclude on May 14, 2004. For logistical and security reasons, applications received after the deadline will not be considered.

#### V. Criteria for Participant Selection

- Relevance of a company's product line to mission goals.
- Timeliness of signed application and participation agreement by company.
- Maximum of 10 companies on the mission.
- Potential for business in the Middle East.

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Internet, press releases to the general and trade media, direct mail and fax, notices by industry trade associations and other multiplier groups, and industry meetings, conferences, trade shows, etc.

A company's products must be either manufactured or produced in the United States. If manufactured or produced outside the United States, each product displayed must be marketed under the name of a U.S. firm and have U.S. content representing at least 51 percent of the value of the finished product.

Any partisan political activities (including political contributions) of an applicant are entirely irrelevant to the selection process.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Availability of Seat for the Olympic Coast National Marine Sanctuary Advisory Council

**AGENCY:** National Marine Sanctuary Program (NMSP), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

**ACTION:** Notice and request for applications.

**SUMMARY:** The Olympic Coast National Marine Sanctuary (OCNMS or Sanctuary) is seeking applicants for the following vacant seat on its Sanctuary Advisory Council (Council): Education. Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the protection and management of marine resources; and possibly the length of residence in the area affected by the Sanctuary. Applicants who are chosen as members should expect to serve three-year terms, pursuant to the Council's Charter.

**DATES:** Applications are due by May 30, 2004.

**ADDRESSES:** Application kits may be obtained from Andrew Palmer, Olympic Coast National Marine Sanctuary, 115 East Railroad Ave., Port Angeles, WA 98362-2925. Completed applications should be sent to the same address.

**FOR FURTHER INFORMATION CONTACT:** Andrew Palmer, Olympic Coast National Marine Sanctuary, 115 East Railroad Ave., Port Angeles, WA 98362-2925, (360) 457-6622 ext. 15, or e-mail at *andrew.palmer@noaa.gov*.

**SUPPLEMENTARY INFORMATION:** The Olympic Coast National Marine Sanctuary was established in 1994. The Sanctuary contains highly productive marine habitats and is home to a wide variety of marine mammals, fish, and

seabirds. The Sanctuary seeks to protect these marine resource while, at the same, allowing for compatible uses.

The Sanctuary Advisory Council provides NOAA with advice on the management of the Sanctuary. Members provide advice to the Olympic Coast Sanctuary Superintendent on Sanctuary issues. The Council, through its members, also serve as liaisons to the community regarding Sanctuary issues and act as a conduit, relaying the community's interests, concerns, and management needs to the Sanctuary.

The Sanctuary Advisory Council members represent public interest groups, local industry, commercial and recreational user groups, academia, conservation groups, government agencies, and the general public.

**Authority:** 16 U.S.C. 1431, *et seq.*

(Federal Domestic Assistance Catalog Number 11.429 Marine Sanctuary Program)

Dated: April 30, 2004.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 050304D]

#### Pacific Fishery Management Council, Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of a public meeting.

**SUMMARY:** The economic and groundfish subcommittees of the Pacific Fishery Management Council's (Council) Scientific and Statistical Committee (SSC) will hold a work session to review analytical portions of the Environmental Impact Statement (EIS) for Groundfish Essential Fish Habitat (EFH). The work session is open to the public.

**DATES:** The subcommittees will meet from 1 p.m. until 5 p.m. on Monday, May 24, 2004. The meeting will continue on Tuesday, May 25, 2004 from 9 a.m. until business for the day is completed.

**ADDRESSES:** The work session will be held at NMFS Alaska Fisheries Science Center, Room 2039, 7600 Sand Point Way N.E., Building 4, Seattle, WA 98115; telephone: 206-526-4000.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

**FOR FURTHER INFORMATION CONTACT:** Mr. Dan Waldeck, Staff Officer: 503-820-2280.

**SUPPLEMENTARY INFORMATION:** The purpose of this work session is to review technical components of the EIS for EFH under the Pacific Coast Groundfish Fishery Management Plan. NMFS, in cooperation with the Council, is developing an EIS for EFH under the Pacific Coast Groundfish Fishery Management Plan. As a precursor to the EFH EIS, a risk assessment is being developed. The Council's Ad Hoc Technical Review Committee has facilitated development of the risk assessment process through a series of public meetings. A significant output of the risk assessment is an analytical tool composed of geo-referenced Bayesian Network models designed to assist the Council in developing (and comparing the consequences of) management alternatives related to the EFH EIS. The EFH identification component of the risk assessment model was reviewed by the SSC in February and April 2004. Currently, as the Council prepares for actions related to the EFH EIS, the SSC, in their role of ensuring Council decisions are informed by the best available science, will review the fishing impacts component of the EFH risk assessment process and model. The SSC will report their findings at the June 2004 Council meeting.

Entry to the Alaska Fisheries Science Center requires identification with a photograph (such as a student ID, state drivers license, etc.) A security guard will review the identification and issue a Visitor's Badge valid for the date of the meeting.

Although nonemergency issues not contained in this notice may come before the SSC subcommittees for discussion, those issues may not be the subject of formal action during this meeting. SSC subcommittee action will be restricted to those issues specifically listed in this notice, and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the subcommittees' intent to take final action to address the emergency.

#### Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other

auxiliary aids should be directed to Ms. Carolyn Porter at 503-820-2280 at least 5 days prior to the meeting date.

Dated: May 4, 2004.

**Alan D. Risenhoover,**

##### Pacific Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The Pacific Fishery Management Council's (Council) Ad Hoc Groundfish Trawl Individual Quota Enforcement Group (TIQ Enforcement Group) will hold a working meeting which is open to the public.

**DATES:** The TIQ Enforcement Group working meeting will begin Tuesday, May 25, 2004 at 8:30 a.m. and may go into the evening until business for the day is completed. The meeting will reconvene from 8 a.m. and continue until business for the day is complete on Wednesday, March 26, 2004.

**ADDRESSES:** The meeting will be held at: NMFS, 501 W. Ocean Blvd., Suite 4200, Long Beach, CA 90802; telephone: (562)980-4050.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

**FOR FURTHER INFORMATION CONTACT:** Mr. Jim Seger, Staff Officer (Economist), telephone: (503) 820-2280.

**SUPPLEMENTARY INFORMATION:** The purpose of the TIQ Enforcement Group meeting is to conduct preliminary scoping on the types of enforcement programs that would be necessary for a groundfish trawl individual fishing quota (IFQ) program and related enforcement needs for information from IFQ and landings tracking and monitoring systems.

Although non-emergency issues not contained in the TIQ Enforcement Group meeting agenda may come before the group for discussion, those issues may not be the subject of formal committee action during these meetings. TIQ Enforcement Group action will be

restricted to those issues specifically listed in this notice and to any issues arising after publication of this notice requiring emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the group's intent to take final action to address the emergency.

#### Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: May 4, 2004.

#### DEPARTMENT OF DEFENSE

##### Department of the Army

##### Availability of the Final Environmental Impact Statement for the Digital Multi-Purpose Range Complex at Fort Benning, GA

**AGENCY:** Department of the Army, DoD.  
**ACTION:** Notice of availability.

**SUMMARY:** The Digital Multi-Purpose Range Complex (DMPRC) would provide gunnery training facilities for the Bradley Fighting Vehicle (BFV) and the Abrams M1A1 Tank System (Tank), providing the capability for both active and reserve components to train to required standards under realistic conditions. Fort Benning proposes to construct, operate, and maintain a DMPRC. The DMPRC would provide a state-of-the-art range facility to meet the Army's training needs for soldiers to conduct gunnery courses in a realistic training environment by expanding the Installation's training capacity. The current ranges on Fort Benning do not meet modern gunnery standards and are inadequate to support full gunnery training and qualifications, requiring training to modified standards. The project would include construction of the firing and target area, installation of fiber optics, construction of support facilities, upgrading and construction of associated roadways, installation of utilities to support the site, construction of a helipad, construction of other related equipment and facilities, and operation and maintenance of the DMPRC.
