

to better understand the customer so that we can improve how we serve that customer. Demographics data will range from asking customers how many times they have used an Interior service or visited an Interior facility in the past X timeframe to their ethnic group or race. Sensitivity will be used in developing and selecting questions under this topic area so that the customer does not perceive an intrusion upon his/her privacy.

This effort does not duplicate any other survey being done by DOI or other Federal agencies. Other Federal agencies are conducting user surveys but are not soliciting comments on the delivery of DOI or DOI bureau/office products and services. As part of this effort, DOI consulted with other agencies, including the Department of Agriculture and the U.S. Environmental Protection Agency, who conduct surveys of similar customers.

Anticipated Public Burden: We estimate approximately 60,000 respondents submit DOI customer satisfaction surveys and comment cards annually. The average public burden to complete a customer survey is 15 minutes. For comment cards, the average public burden is estimated at 3 minutes. Given these estimates, DOI anticipates a budget of 18,000 hours per year for the proposed renewal. No non-hour cost burden has been identified.

Methodology: All requests to collect information under the auspices of this proposed renewal will be carefully evaluated to ensure consistency with the intent, requirements, and boundaries of this programmatic clearance. Interior's Office of Planning and Performance Management will conduct an administrative review of each request and oversee technical reviews to ensure statistical validity and soundness. All information collection instruments will be designed and deployed based upon acceptable statistical practices and sampling methodologies, and will be used to obtain consistent, valid, data that are representative of the sample, account for non-response bias, and target response rates at or above 70%.

All submissions under the program of expedited approval must include a description of the survey methodology. This description must be specific and describe each of the following: (a) Respondent universe, (b) the sampling plan and all sampling procedures, including how individual respondents will be selected, (c) how the information collection instrument will be administered, (d) expected response rate and confidence, and (e) levels strategies for dealing with potential non-response

bias. A description of any pre-testing and peer review of the methods and/or instrument is also highly encouraged.

Improved information technology will be used, when possible, to reduce the burden on the public and to comply with requirements of the Government Paperwork Elimination Act (GPEA). Electronic mail may be used to introduce and distribute information collection instruments to a sample of customers. In some cases, the instruments may be web-enabled so that respondents can complete them online, enabling the response analysis to be automated. In all cases, appropriate non-response bias strategies will be used to ensure that responses are representative of the contact universe.

Comment Policy: The Paperwork Reduction Act (PRA) provides that a Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Before submitting an information collection request (ICR) to OMB, PRA section 3506(c)(2)(A) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * ." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology. We will summarize written responses to this notice and address them in our submission for OMB approval, including any appropriate adjustments to the estimated burden.

Agencies must estimate both the "hour" burden and "non-hour cost" burden to respondents or record keepers resulting from the collection of information. We have not identified any non-hour cost burdens for the information collection aspects of the programmatic customer satisfaction survey. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost

factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period of which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. Generally, your estimates should not include equipment or services purchased: (1) Before October 1, 1995; (2) to comply with requirements not associated with the information collection; (3) for reasons other than to provide information or keep records for the Government; or (4) as part of customary and usual business or private practices.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment.

However, we will not consider anonymous comments. We will make all submissions from organizations or business, and from individuals identifying themselves as representatives of organizations or businesses, available for public inspection in their entirety.

Dated: April 30, 2004.

Acting Director, Office of Planning and Performance Management.

102. *Authority.* This ordinance is enacted pursuant to the Act of August 15, 1953 (Pub. L. 83-277, 67 Stat. 586, 18 U.S.C. 1161), pursuant to the Tribe’s inherent sovereign authority and Article VII Sections 1(i) and (n) of the Document Embodying the Laws, Customs and Traditions of the Coyote Valley Band of Pomo Indians adopted on October 4, 1980, under which the Band has been operating, as well as any other applicable laws.

103. *Purpose.* The purpose of the Liquor Ordinance is to regulate and to control the possession and sale of liquor on the Coyote Valley Reservation. The enactment of a tribal ordinance governing liquor possession and sale on the Reservation will increase the ability of the tribal government to control

(f) Satisfactory proof that neither the applicant, nor the applicant's spouse, nor any principal owner, officer, shareholder, or director of the applicant, if an entity, has ever been convicted of a felony or a crime of moral turpitude as defined by the laws of the State of California; and

(g) Satisfactory proof that the notice of application has been posted in a prominent, noticeable place on the premises where alcoholic beverages are to be sold for at least 30 days prior to consideration by the Tribal Council and has been published at least twice in such local newspaper serving the community that may be affected by the license as the Tribal Council may authorize. The notice shall state the date, time, and place when the application shall be considered by the Tribal Council pursuant to section 502 of this ordinance.

502. *Hearing on Application for Tribal Liquor License*. All applications for a Tribal Liquor License shall be considered by the Tribal Council in open session at which the applicant, his, her or its attorney, and any persons protesting the application shall have the right to be present, and to offer sworn, oral or documentary evidence relevant to the application. After the hearing, the Tribal Council, by secret ballot, shall determine whether to grant or deny the application based on: (1) Whether the requirements of section 501 have been met; and (2) whether the Tribal Council, in its discretion, determines that granting the license is in the best interest of the Tribe. In the event that the applicant is a member of the immediate family of a Tribal Council member, such Tribal Council member shall not vote on the application or participate in the hearings as a Tribal Council member. For purposes of this section "immediate family member" shall be defined as mother, father, brother, sister spouse or child.

503. *Temporary Permits*. The Tribal Council or its designee may grant a temporary permit for the sale of liquor for a period not to exceed three (3) days to any person applying for the same in connection with a Tribal or community activity, provided that the applicable conditions prescribed in section 504 of this Liquor Ordinance shall be observed by the permittee. Each permit issued

shall specify the types of alcoholic beverages to be sold. Further, a fee of fifty dollars (\$50.00) will be assessed on temporary permits.

504. *Conditions of a Tribal Liquor License.* Any tribal liquor license issued under this Liquor Ordinance shall be subject to such reasonable conditions as the Tribal Council shall fix, including but not limited to, the following:

(b) The licensee shall at all times maintain an orderly, clean and neat establishment, both inside and outside the licensed premises.

(c) The licensed premises shall be subject to patrol by Tribal law enforcement personnel and other such law enforcement officials as may be authorized under federal, California or Tribal law.

(d) The licensed premises shall be open to inspection by duly authorized Tribal officials at all times during the regular business hours.

(i) There shall be no discrimination in the operations under the tribal license by reason of race, color, or creed.

505. *Licenses not a Property Right.* Notwithstanding any other provision of this Liquor Ordinance, a Tribal liquor license is a mere permit for a fixed duration of time. A Tribal liquor license shall not be deemed a property right or

vested right of any kind, nor shall the granting of a tribal liquor ordinance give rise to a presumption of legal entitlement to a license/permit in a subsequent time period.

506. *Assignment or Transfer.* No Tribal license issued under this Liquor Ordinance shall be assigned or transferred without the prior written approval of the Tribal Council expressed by formal resolution.
