

under NASD Rule 4420(g). Nasdaq represents that several other self-regulatory organizations that maintain specific listing criteria for equity-linked debt securities similar to the criteria in NASD Rule 4420(g) have in recent years reduced the minimum term requirement with respect to such securities from two years to one.⁶ In order to provide issuers of equity-linked debt securities that have a term shorter than two years with a greater choice of listing venues, Nasdaq is now seeking to make the same change. Nasdaq represents that comprehensive surveillance procedures, which are designed to identify and deter manipulative trading activity, are in place with respect to the SEEDS.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁷ in general and furthers the objectives of Section 15A(b)(6) of the Act,⁸ in particular, in that, by reducing the minimum term of SEEDS, impediments to a free and open market and a national market system will be removed, and investors and the public interest will be protected.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

This proposed rule filing has been filed by Nasdaq as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act⁹ and

⁶ See Securities Exchange Act Release No. 42313 (Jan. 4, 2000), 65 FR 2205 (Jan. 13, 2000) (CHX rule change reducing the minimum term of eligible equity-linked debt securities from two years to one and eliminating the maximum term requirement); Securities Exchange Act Release No. 42110 (Nov. 5, 1999), 64 FR 61677 (Nov. 12, 1999) (Amex rule change reducing the minimum term of eligible equity-linked debt securities from two years to one and eliminating the maximum term requirement); Securities Exchange Act Release No. 41992 (Oct. 7, 1999), 64 FR 56007 (Oct. 15, 1999) (NYSE rule change reducing the minimum term of eligible equity-linked debt securities from two years to one and eliminating the maximum term requirement).

subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰ Nasdaq states that the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, nor does it impose any significant burden on competition. Nasdaq also provided the Commission with written notice of its intent to file the proposed rule change at least five days prior to the filing date, as statutorily required.

Pursuant to subparagraph (f)(6) of Rule 19b-4,¹¹ the Commission has the authority to shorten the time period for the effectiveness of a rule "if consistent with the protection of investors and the public interest." In this case, shortening the time period for effectiveness from 30 days after the date of filing¹² to immediate effectiveness is consistent with the protection of investors and the public interest because approval of this proposed rule conforms the listing criteria for equity-linked debt instruments to those of the Amex, the CHX, and the NYSE.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
