

by the Monday preceding the conference call. Any member of the public wishing further information may contact Ms. Kathleen White, Designated Federal Officer (DFO), via telephone/voice mail at (202) 343-9878, via e-mail at white.kathleen@epa.gov, or by mail at U.S. EPA SAB (1400F), 1200 Pennsylvania Ave., NW., Washington, DC, 20460. General information about the SAB can be found in the SAB Web Site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background on the Advisories: The EPA Office of Research and Development (ORD) has developed multi-year plans (MYPs) on selected topics to focus its research program on the highest priority issues and provide coordination for achieving long-term research goals. The Contaminated Sites MYP describes ORD problem-driven research supporting three Office of Solid Waste and Emergency Response (OSWER) trust fund programs for which research is authorized: Superfund (SF), Leaking Underground Storage Tank Corrective Action (LUST CA) and the Oil Spills Program. Contaminated Sites research is aligned in four long-term goals, with three of the goals based on the affected medium—sediment, ground water, and soil/land—and one goal for cross-cutting issues. The Resource Conservation and Recovery Act (RCRA) MYP focuses primarily on treatment processes for hard-to-treat chemicals; innovative containment technologies; resource conservation; and site-specific technical support and state-of-the-art methods, tools, and models for addressing priority RCRA management issues. ORD has requested an advisory from the SAB as to the soundness of the research plans.

The SAB Staff Office has determined that the advisory on these MYPs will be conducted by the SAB's Environmental Engineering Committee supplemented with experts from the SAB Ecological Processes and Effects Committee and the EPA Board of Scientific Counselors. Collectively these individuals will form the SAB Contaminated Sites and RCRA Multi-Year Plan Advisory Panel. A Panel roster and biosketches will be posted on the SAB Web Site at: <http://www.epa.gov/sab>. Public comment on the Panel will be accepted until June 7, 2004.

Availability of Meeting Materials: EPA ORD's Contaminated Sites Research Program Multi-Year Plan and Resource Conservation and Recovery Act Research Program Multi-Year Plan will be available electronically at the following URL address: <http://www.epa.gov/osp/myplan.htm>. For information and any questions

pertaining to the review documents, please contact Ms. Patricia Erickson, EPA-ORD, via telephone: (513) 569-7406 or e-mail: erickson.patricia@epa.gov.

Draft meeting agendas and the charge to the SAB CS and RCRA Panel will be posted on the SAB Web Site prior to the public meetings at: <http://www.epa.gov/sab>.

Procedures for Providing Public Comments. It is the policy of the SAB Staff Office to accept written public comments of any length, and to accommodate oral public comments whenever possible. The SAB expects that public statements presented at the meeting will not be repetitive of previously submitted oral or written statements. **Oral Comments:** In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated). Interested parties should contact the DFO in writing (email, fax or mail—see contact information above) by close of business the Thursday before the meeting in order to be placed on the public speaker list for the meeting. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the participants and the public at the meeting. **Written Comments:** Although written comments are accepted until the date of the meeting, written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the panel for their consideration. Comments should be supplied to the DFO at the address/contact information noted above in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format)). Those providing written comments and who attend the meeting are also asked to bring 35 copies of their comments for public distribution.

Meeting Accommodations: Individuals requiring special accommodation to access this meeting, should contact the DFO at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: May 12, 2004.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension

AGENCY: Federal Trade Commission (FTC or "Commission").

ACTION: Notice.

SUMMARY: The information collection requirements described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act (PRA). The FTC is seeking public comments on its proposal to extend through August 31, 2007, the current PRA clearance for information collection requirements contained in its regulations under the Comprehensive Smokeless Tobacco Health Education Act of 1986 ("Smokeless Tobacco Act" or the "Act"). That clearance expires on August 31, 2004.

DATES: Comments must be submitted on or before July 16, 2004.

ADDRESSES: Interested parties are invited to submit written comments. Comments should refer to "Smokeless Tobacco Regulations: Paperwork Comments, [R001009]" to facilitate the organization of comments. A comment filed in paper form should include this reference both in the text and on the envelope, and should be mailed or delivered to the following address: Federal Trade Commission/Office of the Secretary, Room H-159, 600 Pennsylvania Avenue, NW., Washington, DC 20580. If the comment contains any material for which confidential treatment is requested, it must be filed in paper (rather than electronic) form, and the first page of the document must be clearly labeled "Confidential."¹ The FTC is requesting that any comment filed in paper form be sent by courier or overnight service, if possible, because U.S. postal mail in the Washington area and at the Commission is subject to delay due to heightened security precautions.

The FTC Act and other laws the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. All timely and responsive public comments, whether filed in paper or electronic form, will be considered by the Commission, and will be available to the public on the FTC Web site, to the extent practicable, at <http://www.ftc.gov>. As a matter of discretion, the FTC makes every effort to remove home contact information for individuals from the public comments it receives before placing those comments on the FTC Web site. More information, including routine uses permitted by the Privacy Act, may be found in the FTC's privacy policy, at <http://www.ftc.gov/ftc/privacy.htm>.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the proposed information requirements should be addressed to Rosemary Rosso, Attorney, Division of Advertising Practices, Bureau of Consumer Protection, Federal Trade Commission, Washington, DC 20580, (202) 326-2174.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from OMB for each collection of information

¹ Commission rule 4.2(d), 16 CFR 4.2(d). The comment must be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission's General Counsel, consistent with applicable law and the public interest. See Commission Rule 4.9(c), 16 CFR 4.9(c).

they conduct or sponsor. "Collection of information" means agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. 44 U.S.C. 3502(3); 5 CFR 1320.3(c). As required by section 3506(c)(2)(A) of the PRA, the FTC is providing this opportunity for public comment before requesting that OMB extend the existing paperwork clearance for the Smokeless Tobacco Act regulations (OMB Control Number 3084-0082).²

The FTC invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Description of the collection of information and proposed use: The Smokeless Tobacco Act requires that manufacturers, packagers, and importers of smokeless tobacco products include one of three specified health warnings on packages and in advertisements. The Act also requires that each manufacturer, packager, and importer of smokeless tobacco products submit a plan to the Commission specifying the method to rotate, display, and distribute the warning statement required to appear in advertising and labeling. The Commission is required by the Act to determine that these plans provide for rotation, display, and distribution of warnings in compliance with the Act and implementing regulations. To the best of the Commission's knowledge, all of the affected companies have previously filed plans. However, the plan submission requirement continues

² The Commission seeks comment on the costs and burdens imposed by the existing smokeless tobacco regulations. In March 2000, the Commission commenced a regulatory review of its smokeless tobacco regulations to determine whether there is a continuing need for the regulations and, if so, what revisions, if any, should be made. 65 FR 11944 (Mar. 7, 2000). If the Commission determines that the regulations should be amended, it will commence a rulemaking proceeding. Should any resulting amendments materially affect PRA burden, the Commission will notify OMB and seek amended clearance.
