

production or recovery of oil. * * * 67 FR 47068. A dry gas facility does not meet this description.

In verifying that a particular gas facility is not an "oil production, oil recovery, or oil recycling facility," the Agency plans to consider, as appropriate, evidence at the facility pertaining to the presence or absence of condensate or crude oil that can be drawn off the tanks, containers or other production equipment at the facility, as well as pertinent facility test data and reports (e.g., flow tests, daily gauge reports, royalty reports or other production reports required by state or federal regulatory bodies).

"Facility"

In the July 2002 SPCC amendments, the Agency promulgated definitions of "facility" and "production facility." These definitions, which appear in 40 CFR 112.2, apply "for the purposes of" part 112. The Agency has been asked which of these definitions governs the term "facility" as it is used in 40 CFR 112.20(f)(1) when applied to oil production facilities. 40 CFR 112.20(f)(1) sets criteria for determining whether a "facility could, because of its location, reasonably be expected to cause substantial harm to the environment" (emphasis added). It is the Agency's view that, because, among other things, that section consistently uses the term "facility," not "production facility," it is the definition of "facility" in 40 CFR 112.2 that governs the meaning of "facility" as it is used in 40 CFR 112.20(f)(1), regardless of the specific type of facility at issue.

Notice of Availability

With this notice, EPA is announcing the availability of a letter issued by the Assistant Administrator for OSWER to PMAA addressing certain matters pertaining to the SPCC rule's requirements for integrity testing, security, and loading racks. This letter is available on EPA's website at epa.gov/oilspill or by contacting the docket as described above.

National Organizations for Nutrition and Physical Activity Programs; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to enhance nutrition, 5 a day, and physical activity efforts by:

- Providing annual training opportunities and professional development.
- Coordinating training activities and programs between health departments that have nutrition and physical activity components and the State Nutrition and Physical Activity Programs to Prevent Obesity and Chronic Diseases.
- Establishing a National 5 A Day Council to provide leadership on policies and programs to increase fruit and vegetable consumption.
- Conducting State or community-based special projects. The Catalog of Federal Domestic Assistance number for this program is 93.945.

B. Eligible Applicant

Assistance will be provided only to the Association of State and Territorial Public Health Nutrition Directors (ASTPHND). No other applications are solicited.

ASTPHND is the only organization with State nutrition directors or designees and nutrition-related staff uniquely positioned in State health departments to provide statewide leadership for nutrition, 5 A Day, physical activity, and obesity and chronic disease prevention efforts. ASTPHND's members direct the nutrition and 5 A Day programs in the State health departments or public health agencies of fifty States, the District of Columbia, and five Territories. ASTPHND has established a unique network of public health nutritionists working to improve the health of the American population through statewide and local community efforts. The group is committed to addressing nutrition and physical activity related to the prevention of obesity. ASTPHND has experience conducting training and professional development related to nutrition, 5 A Day, and physical activity.

ASTPHND the only national organization representing 5 A Day Coordinators from each State, district, and territory. ASTPHND is the only organization positioned to provide training and promote the translation of public health nutrition research to practice that is critical to CDC efforts to build State capacity to implement effective nutrition programs. All State nutrition directors and 5 A Day coordinators are members of ASTPHND, therefore it is the only national organization with a membership representing State nutrition directors and 5 A Day coordinators from all 50 States, the District of Columbia, and five territories.

C. Funding

Approximately \$200,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004, and will be made for a 12-month budget period within a project period of up to 5 years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-2700.

Submission for OMB Review; Comment Request

Title: National Extranet Optimized Runaway and Homeless Youth Management Information System (NEORHYMIS)

OMB No.: 0970–0123.

Description: The Runaway and Homeless Youth Act (RHYA), as amended by Public Law 106–71 (42 U.S.C. 5701 *et seq.*), mandates that the Department of Health and Human Services (HHS) report regularly to Congress on the status of HHS-funded programs serving runaway and

homeless youth. Organizations funded under the Runaway and Homeless Youth (RHY) program are required by section 312(b)(7) of the statute to meet several data collection and reporting requirements. These requirements include maintenance of client statistical records and submission of annual program reports profiling the characteristics of the youth and families served and the services provided to them. The October 2003 reauthorization of the Act maintained the requirements as described in the standing legislation.

Data from the National Extranet Optimized Runaway and Homeless Youth Management Information System (NEORHYMIS) support grantee organizations as they carry out a variety of integrated, ongoing responsibilities and projects. These include meeting statutory and regulatory reporting requirements, maintaining program service and management information for internal uses, tracking youth in their programs, accountability monitoring, management improvement, research, and evaluation.

Respondents: Recipients of grants from the HHS/ACF/Family and Youth Services Bureau to operate emergency shelters for runaway youth, transitional programs for homeless youth, and street outreach programs.
