This land is not required for any federal purposes. The sale is consistent with current Bureau planning for this area and would be in the public interest. The subject lands shall be sold for not less than fair market value (FMV) as determined by appraisal. The locatable, salable, and leasable mineral rights will

be conveyed simultaneously with the surface estate. The Fort McDermitt Tribe did not respond to Consultation. The disposal would not generate any adverse energy impacts or limit energy production and distribution (EO 13212).

The above described land is hereby classified for disposal in accordance with Executive Order 6910 and the Act of June 28, 1934, as amended. On May 28, 2004, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, and leasing under the mineral leasing laws. On May 28, 2004 and until the completion of the sale, the BLM is no longer accepting land use applications affecting any parcel being offered for sale. This segregation will terminate upon issuance of a patent for said parcel or 270 days from the date of this publication, whichever occurs first. At least 60 days prior to the sale, this notice and sale date shall be advertised for three consecutive weeks in the Humboldt Sun Newspaper, published in Winnemucca Nevada.

This sale will be by competitive procedures. Bids shall be not less than the FMV. The appraised fair market value is \$175.00 per acre (one hundred and seventy-five dollars and no cents). Each parcel will be offered by sealed bid, followed by an oral auction. The parcels shall be sold individually. The highest qualifying bid for each subject parcel, whether sealed or oral, will be declared the high bid. Bidders can participate at one or both bid process under the following requirements:

Sealed Bid

Sealed bid envelopes must be marked on the lower front left corner with the parcel's identifying letter (A, B, C, or D), and N-76161A. A separate bid for each parcel must be submitted in an individual sealed envelope. Each sealed bid shall be accompanied by a certified check, money order, bank draft, or cashier's check made payable to the Department of the Interior (DOI), Bureau of Land Management (BLM), for not less than 20 percent of the bid amount. Failure to prescribe to the above, shall determine the bid disqualified. In the event a sealed bid for a subject parcel is not designated as the apparent high bid for the same subject parcel, the deposit shall be returned to the bidder.

Oral Auction

Approximately, two hours after the opening of the sealed bids, the oral auction shall be held. The highest qualified sealed bid for each subject parcel will become the starting bid for the same subject parcel in the oral

bidding. If no sealed bids are received for a subject parcel, oral bidding on the same subject parcel shall begin at the appraised market value. The apparent high oral bidder for a subject parcel, must submit the required bid deposit immediately following the close of the sale in the form of cash, personal check, bank draft, cashiers check, money order or any combination thereof, made payable to the DOI, BLM for not less than 20 percent of the bid amount.

In the event there are no oral bids for a parcel, and should two or more sealed bid envelopes contain valid bids of the same amount for the same parcel, the determination of which is to be considered the highest bid shall be by supplemental sealed bid.

The remainder of the full bid price, whether sealed or oral, must be paid within 180 calendar days of the sale date. Failure to pay the full price within the 180 days will disqualify the apparent high bidder and cause the entire bid deposit to be forfeited to the BLM.

At least 60 days prior to the sale, detailed information concerning the sale, including the sale procedures, and sale date shall be available at the BLM Winnemucca Field Office, 5100 E. Winnemucca Blvd., Winnemucca NV 89445; on the BLM Winnemucca Field Office Web site at: <http://www.nv.blm.gov/winnemucca/>, then click on "News", or by calling M. Lynn Trost, Realty Specialist at (775) 623-1500. Maps delineating the individual sale parcels shall be available for review at the BLM Winnemucca Field Office.

Federal law requires bidders to be U.S. citizens 18 years of age or older; a corporation subject to the laws of any State or of the United States; a State, State instrumentality, or political subdivision authorized to hold property; or an entity including, but not limited to, associations or partnerships capable of holding property or interests therein under the laws of the State of Nevada. Certification of qualification, including citizenship or corporation or partnership, must accompany the bid deposit.

In order to determine the fair market value of the subject public lands through appraisal, certain assumptions have been made of the attributes and limitations of the lands and potential effects of local regulations and policies on potential future land uses. Through publication of this notice, the Bureau of Land Management gives notice that these assumptions may not be endorsed or approved by units of local government. Furthermore, no warranty of any kind shall be given or implied by the United States as to the potential uses

of the lands offered for sale, and conveyance of the subject lands will not be on a contingency basis. It is the buyer's responsibility to be aware of all applicable local government policies and regulations that would affect the subject lands.

It is also the buyer's responsibility to be aware of existing or projected use of nearby properties. When conveyed out of federal ownership, the lands will be subject to any applicable reviews and approvals by the respective unit of local government for proposed future uses, and any such reviews and approvals would be the responsibility of the buyer. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

The purchaser/patentee, by accepting a patent, agrees to indemnify, defend, hold harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising out of or in connection with the use/or occupancy of the patented real property which has already resulted or does hereafter result in: (1) Violations of Federal, State, and local laws and regulations that are now or may in the future become applicable to the real property; (2) Judgments, claims or demands of any kind assessed against the United States; (3) Costs, expenses, or damages of any kind incurred by the United States; (4) Other releases or threatened releases of solids or hazardous waste(s) and/or hazardous substance(s), as defined by federal or state environmental laws; off, on, into or under land, property and other interests of the United States; (5) Other activities by which solids or hazardous substances or wastes, as defined by federal laws are generated, released or stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action or other actions related in any manner to said solid or hazardous substances or wastes; or (6) Natural resource damages as defined by Federal and State law. This covenant shall be construed as running with the patented real property and may be enforced by the United States in a court of competent jurisdiction.

The patent(s), when issued, will contain the following reservation to the United States:
