

Final Results of Review

We determine that revocation of the antidumping duty order on barium

chloride from China would be likely to lead to continuation or recurrence of

dumping at the following percentage weighted-average margins:

| Manufacturers/Exporters/Producers | Weighted Average Margin Percent |
|---|---------------------------------|
| China National Chemicals Import and Export Corporation (SINOCHEM) | 155.50 |
| China-wide rate | 155.50 |

This notice also serves as the only reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department’s regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: May 28, 2004.

Jeffrey A. May,

Acting Assistant Secretary for Import Administration.

Low Enriched Uranium from France, Germany, the Netherlands, and the United Kingdom: Extension of Final Results of Countervailing Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit for Final Results of Countervailing Duty Administrative Reviews.

EFFECTIVE DATE: June 7, 2004.

FOR FURTHER INFORMATION CONTACT:

Darla Brown, Office of AD/CVD Enforcement VI, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–2786.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (Department) to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On February 5, 2004, the Department of Commerce (the Department) published in the **Federal Register** its preliminary results of administrative reviews of the countervailing duty (CVD) orders on low enriched uranium from France, Germany, the Netherlands, and the United Kingdom for the period May 14, 2001, through December 31, 2002 (*see Preliminary Results of Countervailing Duty Administrative Reviews: Low Enriched Uranium from Germany, the Netherlands, and the United Kingdom*, 69 FR 5498 (February 5, 2004) and *Preliminary Results of Countervailing Duty Administrative Review: Low Enriched Uranium from France*, 69 FR 5502 (February 5, 2004)). The final results are currently due no later than June 4, 2004.

Extension of Time Limit for Final Results of Reviews

We determine that these cases are extraordinarily complicated because there are a large number of complex issues which require thorough consideration and analysis by the Department, including numerous existing programs from the original investigation and changes to certain programs found countervailing in the investigation. Therefore, we require more time to properly analyze these issues. As a result, it is not practicable to complete the final results of these reviews within the original time limits. Therefore, the Department is extending

the time limits for completion of the final results until no later than June 30, 2004. This date constitutes a 26–day extension for the administrative reviews of low enriched uranium from France, Germany, the Netherlands, and the United Kingdom.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: May 27, 2004.

Thomas F. Futtner,

Acting Deputy Assistant Secretary for Import Administration.

National Oceanic and Atmospheric Administration

[I.D. 031104B]

Small Takes of Marine Mammals Incidental to Specified Activities; Marine Seismic Survey on the Blanco Fracture Zone in the Northeastern Pacific Ocean

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of application and proposed incidental take authorization; request for comments.

SUMMARY: NMFS has received an application from the Lamont-Doherty Earth Observatory (L-DEO), a part of Columbia University, for an Incidental Harassment Authorization (IHA) to take small numbers of marine mammals, by harassment, incidental to conducting oceanographic seismic surveys on the Blanco Fracture Zone in the Northeastern Pacific Ocean. Under the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an authorization to L-DEO to incidentally take, by harassment, small numbers of several species of cetaceans and pinnipeds for a limited period of time within the next year.

DATES: Comments and information must be received no later than July 7, 2004.
